

On This Side Of The Sun

By Phat

TO THE RESCUE—Judge Guy Pinney came to the rescue last week and got John R. E. Chaffey out of Canada. When the real estate chamber of commerce official flew to visit his dad in Winnipeg, Canada, two weeks ago, he forgot his naturalization papers. When he started home, they wouldn't let him back in the U. S. So Chaffey sent an urgent wire and Mrs. Chaffey took his papers to Judge Pinney who did the necessary legal work and prepared other facts, which were sent to immigration officials — and Chaffey came home. Cyril Hume's slogan for the Red Cross blood bank is "Share a Wound." . . . I know a man who thought he had something when he submitted a slogan to the Lucky Strike people: "Be Happy. Go Lucky." but for some reason, they didn't like it.

IN THE PICTURES—"Butch" Jimmy Silvers' meat-eating, dog-chasing rabbit, is going to get into the movies. Paramount news-reelers were in town last week to get a picture of "Butch" in action. The temperamental bunny chased "Pepper" the dog, all right, but he refused to take a bite out of his canine pal for the benefit of the camera. The news-reelers are coming back later, hoping to find "Butch" in the mood to nip "Pepper." . . . For weeks the schools have tried to get a Bear flag to comply with the new law that all state institutions must fly the state flag. Finally the dam broke and now they have many more than they need. So they sold one to the city—which, under the law, doesn't have to fly it.

GOT IT WRONG—"Mister, last week in commenting on 40-year-old chorus girls in Australia, you said: They're either too young or too old. You must have been mistaken. If the chorines are 40 and over, you should have written: They're NEITHER too young NOR too old." . . . C. W. Valentine is wild about his new grand-daughter but slightly put out because it wasn't a grand-son. He should be happy about it. By the time the girl grows up, Eleanor may be president and women wearing (Please Turn to Page 7)

B and C Coupons to Be Worth 5 Gallons Dec. 1—Don't Cheer

After Dec. 1, B and C gasoline coupons are going to be good for five gallons per coupon—but don't cheer, boys.

It isn't going to do you any good.

B and C coupons issued prior to Dec. 1, will still only be good for three gallons and when you get B-2 and C-2 coupons, which WILL be good for five gallons, you'll get enough less so that your fuel allowance won't change.

Invite a Soldier For Thanksgiving Day Dinner, Plea

"On the desert November 25 is going to be just another Thursday for the thousands of troops undergoing combat training. A small percentage of these troops will be allowed passes for the day, and that Thanksgiving Day pass will mean an escape, not only from army rations to roast turkey and cranberry sauce, but an escape from unending stretches of sand to small home parties, to children like the little brothers and sisters at home, to pleasant gardens, to good music, talk of books, perhaps to play bridge, badminton, tennis or perhaps just to visit with folks like friends back home.

"Whether or not you have a cook this year, you will want to put your name on the list of hostesses who will invite these desert men to home dinners.

"Remember the soldiers have all done their turn in the kitchen back home and will like nothing better than to help fix the celery and apples for the salad," stated Mrs. Emil Wagner, chairman of the Village USO Thanksgiving Committee.

"Call Mrs. Wagner at 4501, or contact any of the following members of the committee and add your name to their list," is the USO appeal.

Pilot Killed In Midair Plane Crash

Another Bails Out and Comes Down Safely

Captain Richard H. Davis, 35, of Seattle, Wash., was killed and two airplanes destroyed in a spectacular midair crash over the Palm Springs army air base late Tuesday afternoon.

Captain Gerald K. Walker, of Stanton, Calif., pilot of one of the two fast pursuit ships which collided at an estimated 2,000 feet altitude, parachuted to safety.

MANY SEE CRASH

The accident occurred at approximately 5:10 Tuesday afternoon as the two pilots, attached to the 6th Ferrying Group at Long Beach approached the local base on a routine flight. It was witnessed by almost a score of Villagers from the bleachers at Palm Springs high school where they were watching football practice.

Most of the eye witnesses agreed that after they collided in the air, one of the planes went into a climb to about a 3,000-foot elevation when its motors stalled.

PILOT BAILS OUT

The pilot, Capt. Walker, bailed out and landed safely. His craft went into a nose dive and plunged to the earth, exploding in a brilliant flash as it hit south of the base. The other, its tail clipped off, spun toward the earth, they said.

Just before it struck, the pilot straightened it out but it struck with terrific force, bounced and struck again. A cloud of dust obscured their vision then. It was in this plane that Captain Davis was killed.

INVESTIGATION ORDERED

The 21st Ferrying Group headquarters announced that a board of qualified Air Forces officers will be appointed to determine the exact cause, in detail, of the crash.

Captain Davis attended the University of Washington at Seattle and is survived by his wife, who lives at Long Beach, and his father, James W. Davis, of Seattle.

Assistant Public Works' Director Office Is Created

Recommendation of Mrs. Louise McCann, acting city manager, that an assistant public works director be appointed to assist Ray M. Sorum, director, in the rapidly accumulating business of his department was approved by council Wednesday night.

When the war started making inroads on various department heads at the city last spring, it was decided to combine all offices under one management and Mr. Sorum resigned his seat on the council to take over the combined jobs.

With the city rapidly resuming its old time stride, the accumulated business became too much for one man and the office of assistant was created this week.

Council Is Getting Down to Weekly Basis

The city's business, like every other business in town, is picking up.

To handle the many affairs accumulating each week, council is getting down to a weekly meeting basis. When council adjourned Wednesday night after its second meeting of the month, another meeting was set for next Wednesday night.

Mayor F. V. Shannon Observes Birthday At Work, As Usual

Mayor Frank V. Shannon reached the proverbial three score and ten today—going strong.

But to him, his 70th birthday was just another day of city business, conferences, discussions and official duties with the overtime devoted to work at the Vaughan Arms apartments which he and Mrs. Shannon own and operate.

While the mayor "observed" his birthday by working, Mrs. Shannon and guests at the apartments planned to "celebrate" it with him this evening.

Philip L. Boyd Again Chosen By Red Cross

Philip L. Boyd was re-elected chairman of the Palm Springs Red Cross branch when directors met Tuesday morning to reorganize following election last week.

Eugene Theriau was elected vice-chairman of the branch, Mrs. Priscilla Chaffey, secretary and public information official, and Charles Henderson, treasurer.

ADDED TO BOARD

Mrs. Chaffey and Mr. Theriau were added to the board of directors which now includes them and Mr. Boyd, Mrs. Irving Snyder, Carl Hammond, Mrs. Maud Pinney, Mrs. Florence Lockett, Henry Weinberger, Mrs. Richard Morgan, Carl Lykken, Mr. Henderson, Mrs. Madge Holderman, Mrs. A. B. Jones, Mrs. Lloyd Simon, Mrs. Ralph Clock and Fred Ingram. Mrs. Caroline Hicks, elected at last week's membership meeting, requested withdrawal of her name because of press of other public service activities.

CHAIRMAN NAMED

Chairmen of various Red Cross branch committees were announced as follows:

Virginia Blair, volunteer special service.

Mrs. Frank W. Cutler, home service.

Frank W. Cutler, disaster preparations and relief.

Mrs. Philip Boyd, hospital and recreation (Gray Ladies).

Mrs. Betty Libbott, motor corps.

Dr. Georgiana Raymond, first aid.

Mrs. Gordon Nicholson, staff assistants.

Jean Nagle, Junior Red Cross.

Carl Hammond, finance.

Gordon Peckings and Kenneth DuBose, co-chairmen of the Camp and Hospital committee.

Chairmen of the important production and home nursing committees will be named later.

Committee chairmen automatically become members of the board of directors.

County Supervisors Ed Hill, W. V. Pittman and Floyd Gilmore this week were appointed by Chairman Ralph W. Stanfield as a committee to cooperate with a county planning commission group in working out a comprehensive post-war program.

Have You a Copy Of The Sun Dated Oct. 8 or Oct. 15?

We need help! The circulation of The Desert Sun is zooming so fast that we can't keep sufficient copies for the necessary files and the needed back numbers.

Therefore—if you have any copies of The Sun dated October 8 to 15 and October 15 to 22, please bring them to the Sun office, 359 North Palm Canyon drive.

We need 'em.

City, Army Cooperation Is Assured

Series of Meetings Results in Joint Action on Survey

Following a series of meetings this week, complete cooperation between all groups interested in providing accommodations for visiting servicemen from surrounding army posts was achieved and a joint committee numbering six members was appointed by Mayor Frank V. Shannon to make a complete survey of sleeping accommodations, restaurant facilities and other matters, for the purpose, when completed, of encouraging such numbers of the armed forces which may be reasonably comfortably and safely cared for, to come to the city.

This committee was also charged with increasing existing facilities and accommodations and to assure servicemen that they are heartily welcome in Palm Springs.

COMMITTEE NAMED

The committee consists of Frank W. Cutler and Eugene E. Theriau representing the city council, Francis F. Crocker, and Larry Schultz, representing the chamber of commerce and Nolan Barrows, and Mrs. Alice Caine Parry, representing the business men. It was decided this morning to limit the committee to six members and Thomas Lipps, prime mover in getting the plan organized and named on the chamber of commerce committee earlier, asked that he be the one eliminated.

The series of meetings started Monday afternoon when business men met at the Doll House and discussed the matter of soldier passes. Mr. Lipps presided and told the group the history of the case.

MISUNDERSTANDING CITED

He said that there had been much misunderstanding of the situation and that the council had been unjustly blamed. He said he believed that the businessmen could safely put their case in the hands of the mayor and council.

"The city council and chamber of commerce had nothing to do with keeping soldiers out of Palm Springs," he flatly declared.

He told of a meeting with Gen. Wade A. Haislip, commanding the Desert Training activities and of a request that Palm Springs make a complete survey of accommodations.

(Please Turn to Page 7)

Recreation Director For Children Asked By Welfare Society

Miss Katherine Finchy, superintendent of the Desert School district, provided city council with another problem Wednesday night when she submitted a letter from the Welfare and Friendly Aid association, calling attention to the dire need of a recreational director for Palm Springs children.

The association's letter called attention to the general rise of juvenile delinquency, brought on by war conditions, throughout the nation, and urged properly supervised recreation as the remedy before the situation became serious here, too.

ONLY AT FIELD CLUB

Mayor F. V. Shannon suggested that probably the Field Club recreation director whose office was created a few minutes earlier by council, could also serve the youngsters. Under the terms of the Field Club federal grant, however, this director could not act off the club premises on gov-

Abandoned Plane Found Parked in Desert at Garnet

Border patrol officials were today investigating ownership of a small biplane which was expertly set down in a small open space in the desert near Garnet station and was left there Monday without an identifying paper or mark beyond the number on the fuselage, NC 621.

Railway men first noticed the plane and notified Indio police who in turn called Palm Springs police. Local officers and military police went to the scene and found the craft without a scratch on it and its tires intact.

It is believed the pilot of the private plane either ran out of fuel or developed motor trouble and set his craft down in the open desert space.

Federal officials, however, launched the investigation to determine ownership.

USO Leaders From Desert Convene Here

With a dual objective in mind, 14 Desert Area USO Club Directors, USO Mobile Service men, and Sun and Sand Caravan associates, met for their first Staff Conference last Wednesday at the Palm Springs USO Club, where a luncheon-discussion group, headed by Harry Hall, of the Desert Area Office, was held to acquaint USO workers with the diversified desert programs, and to introduce to them Donald McKibben, National USO Music Representative for this region, and Donald Forbes, Building Coordinator for the West Coast.

Because distances and military maneuvers prevent desert workers from meeting frequently, the conference proved to be one of enlightenment. Mr. Hall called the group together so that all social agencies working in this area would have a better understanding of what the individual USO person is doing, in order to facilitate a well-rounded program for soldiers on the desert.

PROUD OF SERVICE

"We of the Desert Area Office are proud of the services rendered by all of you on your jobs," stated Mr. Hall, "and we hope that by having monthly staff meetings we may reach an even more closely knit kinship with each other. We have received (Please Turn to Page 12)

Drive to Fill War Chest Is Under Way

Military Parade, Gala Street Dance, Band Concert and Address By Dr. Anderson Set Campaign in Motion; Say Hard Work Ahead

With the home stretch still far off, the real drive to fill the Palm Springs War Chest got under way yesterday, Armistice Day, at 11 a. m. and teams today were covering the residential district, the down-town business houses and the hotels and apartments in the campaign to bring in \$25,000 to fill the local quota.

A great military parade and a dance at The Plaza Wednesday night was a successful preliminary to the official start of the drive yesterday morning when a band concert at 10 a. m. and an address at 11 a. m. by Dr. Elam J. Anderson of Redlands University officially set the drive in motion.

MANY IN LINE

Headed by the 95th division band, the parade swung down Palm Canyon drive at dusk Wednesday with units from the army air base, Desert Training center, Palm Village Ordnance department and Torney General hospital in line.

Throgs applauded the marchers.

There were soldiers, men and women, and war machinery and nurses in the march. The 21st division band headed the second division of the highly successful parade.

BENNY AT DANCE

Following the parade, a gala dance was staged at The Plaza starting at 8 p. m.

Chairman Tom Holland of the War Chest said that the USO and its director, Mrs. Eloise Hirt, which was in charge of the dance, should be heartily congratulated for the outstanding success of the event.

Highlight of the dance was the appearance of Jack Benny, who is in the Village to do his broadcast from the stage of The Plaza theater Sunday for service men in this vicinity.

HE TELLS THEM

Benny told his audience of the great work the USO is doing all over the world's fighting fronts and recounted his personal contact with their work while on his recent tour of the North African front.

Ellen Drew and Brenda Joyce, who appeared on the stand with Mr. Benny also addressed the throngs.

The 95th band furnished the music for the dance and at the conclusion of the program the throng joined in community singing led by Mrs. Holly Lash Visel, choir director at the Community church.

DR. ANDERSON SPEAKS

Cpl. William N. Willard from Torney General Hospital, served as Master of Ceremonies and did an excellent job.

Dr. Anderson was introduced to his audience at the Plaza theater by William A. Lippman who put (Please Turn to Page 12)

Take No Action on Hotel the Oasis License Request

George A. Thompson, manager of Hotel the Oasis, recently purchased from Mr. and Mrs. John Crawford by Mrs. Dudley Alberts of the Alberts hotel group, appeared before city council Wednesday in behalf of his application before the state board of equalization for a liquor license for the hotel.

He told council it was planned to install a small lounge for benefit of guests there.

No action was taken by council on the application.

City Creates 2 New Offices At Field Club

R. H. Bennett, who so successfully managed the city swimming pool this summer, has been appointed Field Club director by Mrs. Louise McCann, acting city manager. The office was created by city council at its meeting Wednesday night.

Mr. Bennett, a retired U. S. Marine Corps sergeant, recently given a medical discharge, is arranging a comprehensive program for the Field Club, details of which will be found on Page 12, Column 1.

Employment of a Field Club director and a caretaker for the Field Club project was authorized by city council Wednesday night when a resolution setting forth the aims of the program and outlining the duties of the newly created offices was introduced and passed.

The resolution was introduced by the Boards and Commissions committee of the council to which the matter had been referred at the meeting of city council three weeks ago. Creation of the offices was under the terms of a \$6867 Federal Works Agency grant for operation and maintenance of a recreational program at the Field Club.

DUTIES, PAY, FIXED

The director's salary was fixed at \$225 per month and he will be appointed by and his work be under the jurisdiction of the city manager's office. The caretaker's salary was fixed at \$175 and his work will be under the eye of the public work's office, which will appoint him.

According to the terms of the resolution, the director's duties will be to direct all recreational (Please Turn to Page 6)

Guards to Remain At Scene of Fire For 10 Days More

Guards will be maintained for at least ten more days, unless a heavy rain falls in the meantime, in the area swept by flames in the San Jacinto mountains, DeWitt Nelson, San Bernardino National Forest supervisor, said today.

Forty forestry guards are maintaining patrols in the area this week-end to prevent further outbreak of the flames which started last Sunday in the Tahquitz peak area and for a time threatened the summer homes of several Villagers in the Idyllwild region.

Today the fire was burning in a wild region stretching from Baldy peak south and west. The district is without roads and means to get pumpers to the blaze.

(Complete story of disastrous blaze may be found on Page 12, Columns 3-4.)

Sports

Strikers Move Up Into Tie at Head Of Hospital Loop

The Q. S. V. L. Strikers pulled into a tie for first place in the Tomet Enlisted Men's bowling loop Friday night by scattering the maples with sufficient gusto to take four points from the Military Police five while the Detachment of Patients were taking three from Headquarters. The difference wiped out the one point between the Strikers and the D. P.'s and shoved the MP's and HQ's down from their threatening positions near the top.

In the other games the Registrars boosted themselves out of the cellar with a 4-0 win over the First Sergeants, who now occupy the basement while the Dental Clinic and Personnel fives slugged it out 2 to 2 to hold their spots in the second division. Granzow of the Strikers sized the alleys with a 563 triple, high in league play to date.

Hospital Hoop Men Win Practice Bout From 21st Quintet

Torney General Hospital's basketball squad turned on a smooth-working, accurate-tossing attack Thursday to defeat a game quintet from the 21st Ferrying Group, 31 to 16 in a practice casaba harvest.

The Hospital EM's are fast rounding into shape for inter-post play and will probably be troublesome to some army fives when the season swings into action.

The Medics pulled away from the Flyers soon after the opening gong and were never headed.

Golf Enthusiasts Turn Out Earlier On Desert Course

Second week of play at the Desert Golf course found interest at an increasing tempo and George Howard, pro, and John Kline, superintendent, declared that the number on the fairways and greens was well ahead of the number playing last year at the corresponding time.

Winter residents and visitors and many Villagers are getting their game back into shape early and some excellent cards are being turned in.

First big event on the books will be the annual tournament next February but special events are being planned before then.

Basketball League In Formation Here

Plans for a Palm Springs area basketball league were being formulated this week with teams from Torney General, 21st Ferrying Group and the Village participating. Two teams from Torney, a Village quint and one from the Air Base have already organized.

Lts. Paul Butler and Joe Brown are seeking additional teams at the Air Base for the league.

TEMPERATURES		
Date	Max.	Min.
November 4	89	43
November 5	89	46
November 6	80	48
November 7	76	38
November 8	93	40
November 9	85	40
November 10	86	41

Ferrying Baseball Squad Wins From Marines, 6 to 3

An enthusiastic crowd of servicemen and civilians last Saturday afternoon at the Field Club saw the 6th Ferrying Group baseball team from Long Beach outbat the Camp Pendleton Marines 6 to 3 with ace baseballers from the Big Time showing the crowds how it is done on the metropolitan lots.

Despite the fact that Ruffing and Lyons went five innings each of the seven-inning game, a total of 19 hits rattled around the Field Club. Four baubles were also recorded.

WEST MAKES ONE

Big bat and ball men of the fray was Max West, ex-outfielder for the Boston Braves. He poled one out of the lot with three men on to break the ice, overcome a two-run Marine lead and put the Ferrying outfit in front 4 to 2 in the third round.

The Marines got six of their 12 blows off Red Ruffing, former Yank ace, in the five innings he worked while the Flyers touched Ted Lyons of the Madines for six hits in the same frame. But the Marines trailed 6 to 2 at the time. Johnny Howard of the Yanks replaced Lyons and blanked the Flyers with one hit bringing the game to a happy landing. Al Olson, formerly of the Coast league, followed Ruffing and was touched for six hits and scattered them sufficiently to allow but one run to infiltrate to the plate.

NETS NEAT SUM

The game, for the benefit of the 21st Ferrying Group athletic and recreation fund, provided a neat net for its purpose.

The abbreviated statistics: R. H. E.
Marines002 001 0-3 12 2
6th Ferrying 004 200 x-6 7 2
Lyons, Howard and Epps, Webster; Ruffing, Olson and Noltz.

All-Serviceman's Net Tourney Sought For Village Courts

Tentative plans for an all-Serviceman's tennis tournament, the first of its kind in the west, were revealed by Perry T. Jones, official of the Southern California Tennis association when he was in the Village a week ago with a group of name-net stars.

Mr. Jones talked over the proposal with local tennis enthusiasts who were for it. With many top ranking netters in the service, it is believed a notable event could be staged.

"Dugout"

By the Legion Observer

During October the following served as hostesses in the Service Men's Dugout: Mrs. George C. Cassidy, Effie Kalsiem, Mrs. Marvin Ostrander, Anita Lee, Janice Fossick, Pearl Cline, Daisy Mickle, Clema Granger, Blanche Lang, Berenice Stepp, Hazel Wilson, Hazel Jones, Mabel Shuttleworth, Mrs. W. Engineers' Quint Grabs Leadership In Air Base Loop

Leadership in the 21st Ferrying Group Enlisted Men's Bowling loop changed hands this week when the Officers' Mess five dropped four points to the second division pin-busters while their close rivals, the Post Engineers, scored a four-point victory over Headquarters.

The eight-point difference made up a six-point deficit for the Engineers and put them in front by two points.

The 72nd Squadron won over the Cooks 3 to 1 in the other game of the week, rolled on the alleys of Joe Henderson's Palm Springs Bowling Academy.

The standings this week:
Teams W L Pct.
Post Engineers15 5 .750
Officers' Mess13 7 .650
Headquarters10 10 .500
Pin Busters10 10 .500
72nd Squadron9 11 .450
Cooks3 15 .166

In the Know With the USO

By Gail Sollender

Our "dramatists-three" — Mrs. Hirt, Pfc. Ross Parmenter of the 21st Ferrying Group and Pvt. Bob Lorenson of Torney General Hospital, put on their first performance of "Just Off Piccadilly," one act play, for patients of Torney, last week, and we hear tell they were a great success. We sat in on a rehearsal one night with Mrs. Ruth Hurd, of the American Red Cross, and we admit to chills and thrills during the show. We hope that a wider audience will have the privilege of seeing this play because it shows beautifully what can be done without benefit of stage props, costumes, or special background.

If there were any way we could make crowns without the aid of priority-materials or ration books, we'd certainly make 'em fast and put them oh so gently on the heads of all members of soldier bands who have been breezing some of the breeziest breezes this side of Iceland in order to furnish music for our Saturday dances.

WINDS WHISTLING

There isn't a thing to protect them from the wilful winds out there on the tennis court, and while the dancers warm themselves up with the Jersey Bounce, the poor boys in the orchestra sit with shivering hands and freezing faces, hour after hour, sending dancing tunes out to the throngs and probably thinking privately, "Music may have charms to soothe the savage beast, but I wish all those savages would get soothed quick so I could get a cup of coffee!" We know what you're up against to some extent, boys, and suffer with you every time you go at it!

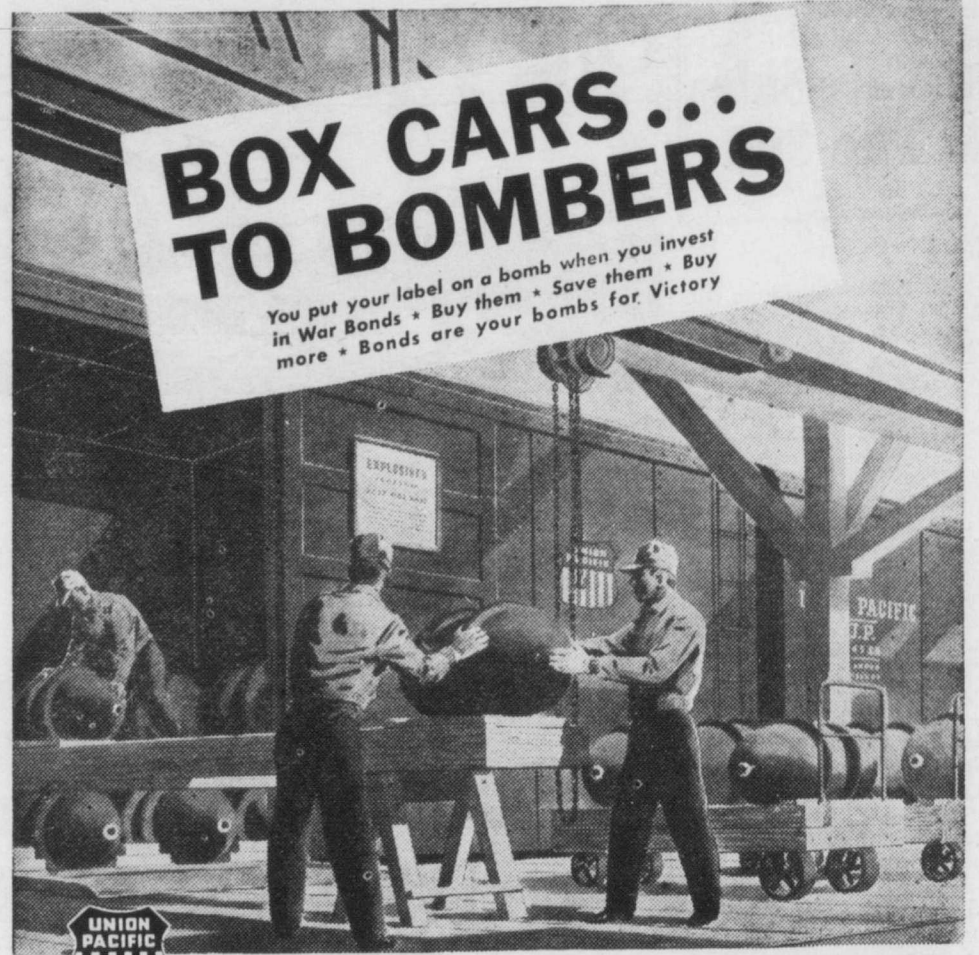

We thought Holly Lash Visel had shown us the best of song-fests, but Saturday night when everyone came inside for singing we decided she had reached a new high. Her ability to control large groups of excited, laughing dancers and make them not only sing together but sing in harmony leaves us in wondering awe! She greets each new audience with the same amount of bounding enthusiasm, and we have yet to see her walk away from a group that isn't singing its heart out. The rafters shook an awful lot Saturday, but they were bursting with "The Caissons Go Rolling Along" and "Johnny Zero," so who wouldn't be aroused!

KEEPS IT GOING

Mrs. Walter Lippman continues to keep a feverish game of rummy going every Tuesday with "her boys," who look forward to their weekly evening of cards with her as though it were their last! She's very apt to come out the winner, and we know it's not because the soldiers are being polite. We've played with them, and they play for blood!

The 27-piece band from the 93rd Infantry Division is staying over for our Saturday night dance, which means we hear this much-talked-about band two nights in a row. Friday night we are having our first dance for colored junior hostesses and Negro troops. And what with a dance Thursday for the March Field engineers, and one tomorrow night at the Plaza, it looks like we're giving Arthur Murray some good competition!

We'd like to thank Jackie Bailard, Jean Scheib, Chloe Shanks, Jean Nagel and Virginia Booth, of Deep Well Ranch, for all the wonderful cooperation they gave us the other night when we finally corralled the four sailors for publicity pictures. We took what seemed like dozens of shots

"KEEP 'EM ROLLING"
THE RAILROADS ARE THE BACKBONE OF OFFENSE

Tamarisk Traffic Regulation Report Is Given Council

Recommendation that no parking signs be placed on Tamarisk road for 150 feet on either side of the entrance to Torney General Hospital and that "Hospital-Slow" signs be erected in a move to slow down traffic, was made to city council Wednesday night by Eugene E. Therieau, chairman of the city public safety committee.

A request from Torney last week that steps be taken to remedy a growing traffic hazard on Tamarisk road was referred to the committee for survey and report.

City Attorney Roy W. Colegate said the change could only be made by an amendment to the city traffic ordinance and Councilman Philip Boyd recommended that such an amendment be prepared and presented to council.

Scout Committee to Meet Next Tuesday

Newly elected officers of the Palm Springs District Scout committee will be installed next Tuesday at a meeting at the city council chambers at 7:30 p. m. Paul Summers, district chairman, will preside.

all over the grounds of the guest ranch, and nothing was too much to ask of them. They changed clothes for us, dragged out saddles, cactus, scenic backgrounds, and a lot of fast conversation. Our thanks, because those pictures are going to mean an awful lot to us. Yours in USO.

What You Buy With WAR BONDS

Booby Trap Detector

In the snow, in the sand, on the beaches, on the roads, in the woods, everywhere the Axis soldiers hide "booby traps," to slow the movement of oncoming fighting men of the United Nations. The detector does the same work on land as the mine sweeper does at sea.

Like buying War Bonds, the soldier operating the detectors will never know just how much they have aided in the success of their campaign, but he knows his work is necessary and must be accomplished. If more Americans on the home front will come to realize this, the success of our War Bond campaigns will be assured.

U. S. Treasury Department

EVOLUTIONARY ADVANCEMENT

By Charles Everin

Human intelligence is now in its greatest stage of "Evolutionary Advancement" since man became man. Problems, which heretofore were beclouded by superstitions, by non-availability of scientific fundamentals for their solution, and by greed and intolerance of men, are being understandingly classified and critically analyzed.

Since the printing press came into action, the intellectual progress of our race exceeded in importance all that our ancestors learned during the thirty-five thousand years prior to 1500 A. D. Gutenberg's device of movable type encased in a frame elevated us from ancestral ignorance and environmental slavery to our present intellectual status and individual freedoms. Progressively, future generations will "eclipse" us and each other as centuries pass. We owe due reverence to all mentalities instrumental in developing the printing presses from Gutenberg to now.

Many great thinkers lived since 5000 B. C., but the mass of humanity was utterly illiterate; mentally only a few degrees above the animals. A large part of the present world population is still in that stage. About the year 1800 A. D., less than five percent of the earth's human inhabitants could read and write. Today, the urge for knowledge is everywhere becoming more insistent.

Russia emerged from dominant illiteracy to rational intelligence in less than thirty years. Though we dislike the type of education fostered in Germany and Japan, impelling the belief in the racial superiority of those peoples, World War 2 will obliterate that delusion. Intellectually, Japan has made tremendous advances since Commodore Perry sent his calling

card to the Mikado, less than one hundred years ago.

Educators in China are introducing scholastic reforms in keeping with Western learning. Thereby their future leaders will attain adequate prestige in the councils of the New World Order, now shaping. India is stirring with a restless quest, which will in less than fifty years change that country's religion-ridden, mass mentality, to conform to the then existing world thinking.

Intelligent understanding is now progressing from the few to the many. The printing of millions of newspapers, periodicals and books, as compared with thousands not long ago, is responsible for that progress. Printed text books made possible the public schools throughout the world. Schools and colleges are vital for the training of youth. They give to the 55,000 daily new human arrivals on earth a modicum of basic knowledge helpful in improving their individual existences. Yet, our future welfare is determined by the continued education of adults wherever human beings exist.

The minds of millions of men and women are today more competent to grasp and to intelligently use the scientific fundamentals of individual, national and international life than were those of our ancestors. To the writers of each generation, whatever their native tongues may be, falls the task of satisfying the constantly rising "demand" of a studious, critical, reading public. They are guiding the thoughts of adult students throughout the world, and are slowly leading humanity from the bogs of ignorance to enlightened understanding.

Dance to Aid War Chest Is Planned By Los Compadres

Los Compadres club of Palm Springs is whipping plans into shape for a great charity dance next Thursday night, Nov. 16, at Rogers Ranch. All proceeds from the dance will go toward the War Chest, Jimmy Cooper, secretary of the club said.

Excellent music will be provided by Spoor's orchestra, well known here, and there will be modern and square dancing.

Tickets will be 50 cents per person and a great time is promised all by the club.

Newly elected officers of Los Compadres, named at the last meeting, Nov. 4, were announced this week. Herschel (Hutch) Moseley is the new president; Elmo (Moe) Murnell, vice-president; Mrs. Ralph Sturkie, in charge of the dinners and Jimmy Cooper was re-elected secretary.

Wednesday night club members and their guests rode out to the old rodeo grounds for a ride and dinner. A large turn-out enjoyed the event.

Dancing at Desert Inn Is Attracting Villagers, Guests

The second dance of the season last Saturday night at the Desert Inn, was a great success and many Villagers made up gay parties by the dance floor in the De Anza room. Capt. Beck and wife; Mr. and Mrs. J. Ponderstone and others entertained guests, while Miss Mary Beth Hughes and her charming mother helped to entertain several visiting officers, assisting them were Miss Scribner Sweeney; and Miss Marjorie Dulin of Los Angeles. At the Desert Inn, they are looking forward to many more gala evenings with dancing in the De Anza room every Saturday night.

F. E. Dismore, vice president and manager of the Security Title Insurance and Guarantee company of Riverside was in the Village Monday on official business.

Colonial House Finds Season in Full Swing Early

They come to California for the sunshine and after they reach California, they come to Palm Springs to really find it.

That's the opinion of Harold Maundrell, manager of the Colonial House, who says that that popular hostelry is playing host to more people earlier than in its history.

The hotel is full and the dining room near capacity these days. The last two Saturday nights have been the largest in the hotel's career here.

More and more coast people are coming to the Village these days so that the season is in mid-year form earlier than usual, before the annual influx of easterners, driven out by the eastern cold and lack of fuel, begins.

Mr. Maundrell says that every indication points to the best season of all this year.

Club Women Will Hear of Welfare Activities Monday

Members of the Palm Springs Welfare and Friendly Aid association will be in charge of next Monday afternoon's program of the Woman's club and an instructive and interesting story of the association's work is to be told.

Mrs. James B. Oliver, president of the Welfare and Friendly Aid Association, will give a concise history of the association and its work.

Mrs. Madge Holderman, public health nurse and in charge of the Health Center on East Amado road will then speak on the work of the Center and demonstrate its many activities. The war with its attendant increase in population here, has brought new problems to the association and the story of its many activities will undoubtedly prove a revelation to many of the club members.

Mrs. William A. Lippman, president of the Woman's club, asked the association to put on the program because she views the Welfare work as one of the most important efforts of the club.

With Mrs. Oliver presiding, the members of the Welfare and Friendly Aid association met at the Health Center recently and mapped plans for a far-reaching and comprehensive story to be told club members.

Season Is Hitting Mid-Season Stride At The Desert Inn

BY RUTH ROBERSON

The season at the Desert Inn has been getting under way with speed and is gaining momentum every day. A great many people this year are interested sports enthusiasts and our first Desert Riders picnic lunch was a great success. The desert is lovely this fall and the guests were busy commenting on the various and varying vistas along the trail as we rode to Andreas Canyon. Miss Scribner Sweeney, of Cleveland, Ohio, who is stopping at the Desert Inn with her family and is an excellent horsewoman, added much to the gaiety of the outing. Mr. and Mrs. Fred J. Brown, of Los Angeles; Dr. Fredericks of Los Angeles; Mrs. Felix Jackson of Beverly Hills; Miss Evelyn Mitchell of Sacramento; and others were in the group.

HONORS HOUSE GUEST

Miss Mistretta was hostess to a party of Villagers at a luncheon in the Desert Inn in honor of her house guest from San Francisco, Mrs. Anne Cureton. Other guests were Mrs. A. B. Jones, wife of Col. A. B. Jones of Torrey Hospital; Mrs. Montgomery Blair; Mrs. Maurice Selinger; Mrs. Kieth Clisby; Mrs. F. J. Underwood; Mrs. Robert Stevens; Mrs. Preston Gibson and Mrs. Philip Davies.

Miss Marjorie Beach gave a dinner party at the Desert Inn Sunday night for Mr. Robert C. Heffner. Those attending were: Mrs. F. W. Watson, Mrs. Altha J. Wilson, Mrs. Melvina Ridge and Miss Beryl Dunn.

DELIGHTFUL LUNCHEON

Another delightful luncheon at the Desert Inn was given by Mrs. W. W. Pascoe of Tacoma, Washington. The guests were Messdames George Adams, Claud Freed, Frank Camp and Eber Kanaga.

Enjoying a dip in the pool after several sets of tennis on the grounds of the Desert Inn were Miss Majera Vance of Oxnard, Ensign D. B. MacTavish, USNR, W. P. Balderston, Jr., and W. S. Patterson, of Los Angeles, all guests at the hotel.

Tennis Club Now Is Scene of Many Gala Gatherings

Among the many delightful parties marking opening weeks at the Palm Springs Tennis club was that given by Mrs. Albert Lawrence Bagnall of Los Angeles to several out of town friends.

The regular Wednesday bridge luncheons have been renewed at the club and are proving popular. The Sunday mid-day dinners are also attracting many to the club. At the present the dining room is serving evening dinners Tuesdays, Thursdays, Fridays and Saturdays.

A popular feature at the club is the Sunday afternoon tea dancant with music by Miss Allen Lair.

State Industrial Welfare Leaders Coming Next Week

Mrs. H. C. Brewster, recently appointed chief of the division of industrial welfare for the San Diego district which covers San Diego, Imperial and that portion of Riverside county from Palm Springs to Blythe, will be in the Village from Monday to Thursday next week, making her headquarters at the Mira Monte hotel.

With her will be Maurine E. Newman, agent for the division of industrial welfare and two representatives from the department of justice.

Mrs. Brewster and Miss Newman are anxious to confer with date growers and discuss with them any problems arising under the welfare commission orders relating to working conditions for women and minors in handling farm products after harvest.

A Washington man whose wife got a divorce was awarded a bathing suit from household effects. Just in case he wanted to take another plunge.

New Class Started Today to Train Red Cross Assistants

A new class to train staff assistants and receptionists for the headquarters of the Palm Springs Branch of the American Red Cross was scheduled to start this afternoon at the Red Cross offices, 107 North Palm Canyon drive.

A course in office work and receiving the public will be given. The class, open to the public, will teach information on the Red Cross and its work and will train the staff assistants to give information to the public and aid in the office.

New Books at the Welwood Murray Memorial Library

MAXIM LITVINOFF
By Arthur U. Pope

Arthur Upham Pope's biography of the former Soviet Ambassador to the United States, Maxim Litvinoff, tells the three-fold story of Litvinoff himself, one of the key figures in international politics; of Russia before and after the communist revolution; and of the efforts to unite for collective security for peace—efforts that collapsed with the onmarch of Nazism and Fascism.

These three stories, each dramatic and revealing in itself, all interwoven by common developments and destinies, make up the fascinating contents of the first biography of Litvinoff ever to be published outside of Soviet Russia. Through the story moves the modest figure of one man, Maxim Litvinoff, friend of Lenin, consistent advocate of collective security and realistic architect of peace. For years he labored, a faithful disciple of his master, Lenin, in the underground revolutionary activity of Czarist Russia. With the Bolshevik victory he took over the colossal task of breaking the ring around the U. S. S. R. and of establishing normal relations with the outside world. His greatest undertaking was to arouse the world against Nazi, Fascist and Japanese aggression; a task at which he labored through fruitless disarmament conferences until the world war which he predicted became inevitable. Now he is a central figure in the struggle to win the

Ernest Alschulers Here From Chicago For Winter Season

Mr. and Mrs. Ernest Alschuler of Chicago, long time winter residents of Palm Springs, are back in the Village for the season.

Mr. and Mrs. Alschuler last spring bought a home in Palm Springs and then later in the summer, when a Village home which they had long admired, went on the market, Mr. Alschuler made a flying trip west to acquire that one, too. They will make their home this season in the latter residence.

Many Notables Now Registered at Inn

Col. Charles A. Lindbergh stopped off at the Desert Inn on his way East. Mrs. H. Soulier of Santa Fe, New Mexico, was a charming visitor. Mr. and Mrs. J. C. Bogardus, Jr., of Altadena. Mr. and Mrs. Charles P. Bayer of Los Angeles; Capt. M. M. McCallah of Camp Pendleton, California; Mrs. Claypool Butterfield of Dallas, Texas; Mrs. P. C. Hardy of St. Louis, Mo.; Mr. and Mrs. J. Gordean and son of Beverly Hills, California, and many other prominent people are guests of the Desert Inn at this time.

war and to establish an enduring peace.

Dr. Arthur Upham Pope is an expert on European and international affairs, a frequent visitor to Russia, a friend of the Ambassador and of leading political personalities throughout the world and he brings to his biography a thorough understanding of his subject and a deep insight into the background of world affairs against which, for the past twenty-five years, moved the figure of Maxim Litvinoff.

Two thousand of the 50,000 gypsies in the United States live in New York City.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs
By S-Sgt. Russel H. Genich

CHAPLAIN PRESIDES AT NEPHEW'S WEDDING

Chaplain Pearson returned to Torney General Sunday morning and conducted the regular services in the Post Chapel. Journeying to Palo Alto, California, Chaplain Pearson presided at the marriage ceremony of his nephew, George Schnack, of A. S. T. P., University of Iowa, Iowa City.

The ceremony took place in the beautiful Memorial Chapel on the campus of Stanford University. During the absence of Colonel Pearson, Chaplain Farris of the Ferrying Group filled the local pulpit.

NEW RECREATION WORKER

Frances Newman, recreation worker, was added to the Red Cross hospital staff last week. Miss Newman has just arrived from Washington, D. C., where she was privileged to have a basic recreational course under G. Ott Romney, nationally known recreation leader who was head of the entire Red Cross recreation program in Great Britain for the past year.

The new worker is a graduate of the Teachers' College at Fresno, California, and claims Fresno as her home city.

SPECIAL SERVICE SCORES

Pfc. Fred F. Fredericks, fresh from two years service in the South Pacific war zone and at present a patient in Torney's Ward D-12, just finished many months of bringing entertainment to the front liners and keeping the "morale" program "up to snuff."

Fred began his Army career as a radio operator in an attack Squadron, based somewhere in New Guinea, but was shortly detached to Special Service at Sydney, Australia, where he began his trek as Special Service man for a widely dispersed outfit numbering many men.

PICTURES TOPS

Mainstay of the overseas entertainment schedule is the 16 mm pix. The Special Service man is usually his own projectionist. Jap air raids disrupt the movies only for the duration of raid, and the pictures are resumed as soon

as the all clear is sounded. Good movies attract the most raids, according to Pfc. Fredericks.

Frontliners get to glimpse the new movies first, so there are no beefs on that score.

The weekly ration always included a carton of cigarettes, gum, razor blades and soap. Strange as it may seem, the bar of soap was the most cherished item in the cache. The American boys cling to our high school social standards even on the battle front. The dyed in the wool cigar smoker is the only man who encounters a problem because cigars are in the "hard to get" class. If your buddies overseas smoke cigars, the best gift in the world to them would be a box of the scarce "ropes."

"YANK" IS TOP

"Yank" magazine, the all G. I. publication, is the top reading material with the boys over there. Copies of "Yank" are read and reread and passed down the line till nothing more than shreds of the original remain.

Taking first place in the hearts of the entertainment starved khaki klads are comedians Joe E. Brown and Ray Bolger and band leader Little Jack Little and his aggregation, who toured the entire South Pacific area. Eleanor Roosevelt made many friends when she visited the boys "down under." Artie Shaw and his top flight Navy band proved to be just what the doctor ordered.

Baseball diamonds are hewn out of jungle, according to Pfc. Fredericks, and the national past-time is the ranking sport with the G. I.'s. The PX, though, infrequently placed in the jungle, is still the top "general store" for the G. I.'s many wants.

BIG GRID GAME

Roaming Special Service units, many representatives like Pfc. Fredericks entertainers, bring music, comedy and real gloom chasers to the boys once a month. Fred is mighty proud of some of the shows.

The biggest sporting event to be staged in Sydney, Australia, in recent months, was the Army-Navy football game at which more than fifty thousand fans were in attendance.

Special Service arranges dances for the boys on pass. Good bands and charming dancing partners are musts on the program.

All told, Special Service and its many representatives like Pfc. Fred Fredericks are doing a whale of a job to provide a little fun and relaxation between encounters.

VALLEE BAND TOPS

The Coast Guard invaded the Army stronghold, Torney General Hospital and had the situation

Capt. John Bowers Wins Promotion, New Assignment

Mrs. John S. Bowers (Mary Jane Hennes) wife of Capt. Bowers, who is in the Village visiting her parents, Mr. and Mrs. Mathew Hennes of the Desert Drug Company, received word this week from her husband that he had been transferred to Wright Field, Ohio, and that he would be here later this week so they can make the trip back to Dayton, Ohio, together.

Capt. and Mrs. Bowers were in Palm Springs last week and on arriving brought word that he had been promoted to a captaincy. Capt. Bowers was on sick leave, having been injured in the spring when forced to bail out of a disabled bomber near La Junta, Colorado.

He went back to Mather Field last week-end and received orders for his transfer when he arrived in Sacramento.

Herb Lienau Now Cadet in Army Air Force in Colorado

Mr. and Mrs. Harold Lienau Tuesday received a telegram from Buckley Field, Colo., from their son, Herb Lienau:

"Passed all tests with high marks. Am now a cadet."

Lienau, a star athlete at Palm Springs high school and prominent in other school affairs, recently went into the army. He was assigned to the army air force at the Colorado field and this week started his primary flight training.

well in hand after a single, brief flurry.

In command of the gobs was Lt. Rudy Vallee, whose boys, armed with weapons of all musical calibre, took the hospital by storm.

This Eleventh Naval District Coast Guard band, probably the finest musical organization of its type, gave a two hour entertainment which left nothing to be asked for by way of variety.

Lt. Rudy Vallee proved again that he's one of the top men in the entertainment business. As M. C. for the performance he was at his best.

The show included stellar performances by Musician 1st Class Robert Baxwell, whose takeoffs on the harp was a real innovation, several vocalists and solo instrumentalists, and a trio of outstanding tumblers. This show was a real must.

A DORSEY DOES IT AGAIN

Call it what you will—stupendous, colossal, gigantic, unprecedented— which ever you choose will hardly be sufficient to describe the reception the Jimmy Dorsey band got at the hospital last Sunday.

Playing in the late afternoon before an assemblage of several thousand patients and personnel the inner garden the Dorsey crew was cheered to number after number till darkness and the autumn evening chill called a halt.

But the memory of the show will linger with the convalescents for many a day. The band was superb, mixing up sweet, swing and novelty numbers to the applause of the "hep" gathering. Vocalists Bob Eberle and Kitty Kallan were never better. Proof of that was demonstrated by the number of encores requested from each. Many favorite recorded tunes were among those asked for.

That Dorsey two-some is unsurpassed for really solid entertainment. Jimmy and Tommy, I mean!

T-BONE KILLER DILLER

Positively the most sizzling rhythmic colored trio, T-Bone Walker and his cohorts, provided the hottest, lowdown downbeat to hit Torney. T-Bone's original "blues" numbers had 'em begging for more.

Yessir, Dorsey, T-Bone, and Al Jarvis plus a dozen slick chicks from L. A. provided a memorable day for Torneyites.

Al's many listeners (he conducts the KFWB Make Believe Ballroom of the Air) contributed many dollars to provide three hundred and sixty cartons of cigarettes which were distributed to patients at the show by the young lovelies from Hollywood.

It was a banner day, Ya' betcha!

Cpl. Emil Knorr Now in Florida at Tampa Army Field

Cpl. Emil A. Knorr, well known Villager, is now stationed at MacDill Field, Tampa, Florida, where he writes he'll stay a while after moving about rapidly and seeing much of the continent.

He moved three times in one month, he wrote friends here, going from Burbank to Salt Lake City and from there to Rapid City, South Dakota. At the latter station, he underwent a minor operation at the air base hospital, from which he recovered nicely.

The last two days he was in Rapid City it snowed and he was glad when he learned he was to be transferred back to a warmer climate. While at Rapid City, he was able to go out to the Mt. Rushmore Memorial to see that spot and Wild Bill Hickock's grave. He also went through the museum to see the relics of the old Wild West.

Having qualified for overseas duty, he is in training with a heavy bomber squadron at Tampa. He arrived in Florida just a month to the day since leaving Los Angeles.

YOU'RE IN THE ARMY NOW

By Capt. Herc Ficklen

"Hope my gal from Sheyboygan is still true to me."

Brig. Gen. Tunner, Chief of Ferrying Group, Visits Here

Brig. Gen. William H. Tunner, commanding general of the Ferrying division, Air Transport Command, with headquarters at Cincinnati, Ohio, dropped in on the 21st Ferrying Group last week end on a brief visit. He arrived Friday and left Saturday.

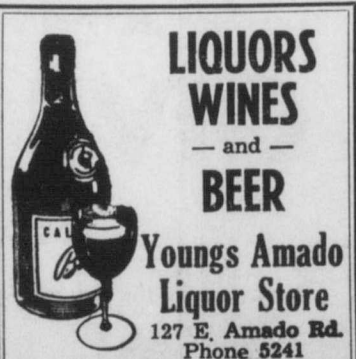

The general and his party of three staff officers conferred here with Lt. Col. Richard D. Morgan, commanding officer of the 21st Ferrying Group, and his staff.

Accompanying General Tunner on his visit here were Major Gordon A. Rust, director of administration for the Ferrying Division headquarters; Capt. Orson E. Yeager, Jr., personal affairs and Army Emergency Relief officer, and Capt. Raymond C. Firestone, Air Corps supply officer.

This was Brig. Gen. Tunner's first visit to the 21st Ferrying Group since promotion to his present rank. His last visit and inspection tour was made here last June as a colonel.

Penicillin is amazingly successful as a bacteria destroyer. How about dropping some of it on Berchtesgaden?

Counting the Days Until We Get Back Writes Mrs. Boyd

"We are counting the days until we can stroll along Palm Canyon drive once more."

That was the gist of a letter received this week from Mrs. Lillian M. Boyd, wife of Captain Thales S. Boyd, prominent Villager, now in the service of the U. S. Navy and stationed at Washington, D. C.

Capt. Boyd, a former city councilman and well known here, was recently promoted. He has been serving Uncle Sam's navy for some time, having been at Pearl Harbor when the Japanese struck there.

"Palm Springs should be very proud of the number of residents they have in the service of our country," Mrs. Boyd wrote. "Capt. Boyd as well as myself wish to be remembered to our old friends in Palm Springs."

"We trust that before long we may again be numbered with the Palm Springs residents."

21st FERRYING GROUP NEWS NOTES

Ferrying Division, Air Transport Command, Army Air Field, Palm Springs, California

By S-Sgt. George Goodale

IT ALL CAME OUT IN THE WASH

Maybe our habit of being a questioning sort of individual comes from many years of newspapering and cinema-land press-agenting, or it may be that we are just damned nosy.

Someday, perhaps, we'll learn to mind our own business but the curiosity of a cat has us saturated at the moment over an item that our Wac correspondent, Cpl. Miriam Hoen, reports in her Wac story.

The good corporal said that several of her sister soldiers were almost giggled the other day when inspecting officers found several articles of male clothing hanging in the Wac laundry room.

Now the inference, as we get it, is that several Wacs have been scrubbing the attire of their men. Naturally we are interested.

It isn't that we are unhappy with our Wac. As a matter of fact, it's quite the contrary.

But, in this day and age, when times are troubled and people are shooting the hell out of each other the world over, we feel it might be a boon to humanity to know that the milk of human kindness still flows to the extent that a woman will wash clothes—the hard way—for her man.

JUST LIKE WOMEN

Meanwhile, the Wacs still upset tradition. Learned medical and physical culture gentlemen for years have preached not to exercise immediately after eating. But the Wacs still take their physical training right after breakfast.

THIS IS BAD

Now that Lt. Joyce Went has been made postal officer, we wonder if it would be proper to call her and Pfc. Thelma Harmon, the Wac mail clerk, "Postal packin' mamas."

HOT LICKS HERE

If any of you saw the short film starring Jerry Wald and his orchestra at the Palm Springs theater this week, two of the trombone players in it are now members of the Post band. They are Pvt. Ray Simms and Clifford Bachman. Another member of the band, Pvt. Gene Castignoli, has a cousin, Dante Magnani, who is doing a lot of ball-lugging for the Chicago Bears. He's scored six touchdowns in the last two games.

MEN, MAIDS AND STUFF

Hottest item of the week along lover's lane was the fast trip to Quartzsite, Ariz., which Betty Norton, of Headquarters, and Capt. Jack Lomax, made to seal their nuptial vows.

Sgt. Rosemary "Stuffy" Stoffregen's already written Santa Claus for her Christmas present. She wants Musician 1-c Bill Hamilton.

the tall singer with Lt. Rudy Vallee's orchestra.

M-Sgt. Jack Mittan and Cpl. Alma Baumeister dance too well together.

S-Sgt. Norman Emch and Wac 1st-Sgt. Helen Davis an NCO club twosome.

PROP WASH

Pfc. Alvin "Pappy" Famularo's trumpet got a hit in the head from a foul ball at the game Saturday.

Found: A soldier who knits sweaters... It's Sgt. Jean Noack, Wac... Sgt. Jack Freeman reports a miracle. He found two pieces of butter in his hot cakes.

The phenomena happened at ex-Corporal Gordon Feekings' eatery... These chilly morning have relieved a few enlisted men of sweeping duties. Maj. John Sponslor's been sweeping out his office to get warm, they say...

Cpl. Moe Fierstein got his good conduct badge the other day. Now he wants to know that if he survives another year without fault will he get a cluster to go with this one?... In a party of four at the NCO club the other night the only person to call for a toothpick was Sgt. Sigmund Goldstein, and he's the only one who DIDN'T eat.

Lt. Earl Coffman Piloting Big Ones

Word received in Palm Springs this week from Roswell Army Field at Roswell, N. M., was to the effect that Lt. Owen B. Coffman, well known Villager youth, is now piloting a Flying Fortress at the air training school there.

He received his wings recently at Yuma, Ariz., after preliminary training at Cal-Aero at Ontario and Polaris field.

Sgt. and Mrs. Maher Now in Wisconsin

M-Sgt. and Mrs. Don Maher are now at West Salem, Wis., according to word to friends here this week.

Sgt. Maher was recently transferred there.

"It's nice here but getting cold," they wrote. "You lucky people out there have all of the nice weather. We certainly enjoy getting The Desert Sun each week and all the home news."

Current air corps plans call for the sending of all mail to soldiers overseas by airmail by the end of 1943.

Rudy Vallee Show Entertains Army Groups in Village

Rudy Vallee and his Coast Guard band, plus extra entertainment, provided a tuneful weekend for service men in the Village when they appeared at the 21st Ferrying Group base Sunday and at Torney General Hospital Monday for two-hour shows.

With Lt. (j. g.) Vallee as Chief Petty Officer Jimmy Grier, another noted band leader who conducted the band in what the hep-cats call solid sending.

The show was an excellent one and was thoroughly enjoyed at both army posts.

Mr. and Mrs. Heinbach Return to Village

Mr. and Mrs. Carl Heinbach have returned from Lake Arrowhead after a most successful season there and have opened El Mirasol court for the season here.

The court, at 447 North Palm Canyon drive, is host to a capacity number of guests with many more seeking reservations.

Jack Benny's Gang To Broadcast From The Plaza Sunday

Jack Benny, Mary Livingstone, Dennis Day, Phil Harris and his boys, Don Wilson—and Rochester—will be in Palm Springs this weekend to broadcast their weekly program from the stage of the Plaza theater next Sunday afternoon at 4.

Service men will be the guests, free, at the broadcast and are invited to be there at 3:30 p. m. when the preliminary program to the actual broadcast will start.

Deny That Coffee Will Be Rationed Again Next Year

Don't you believe it! Frank Balthis, Jr., OPA district chief for the southland, had this to say about rumors of coffee rationing.

"There is not the slightest reason for either circulating or believing reports that coffee is again to be rationed," he said.

CHRISTIAN SCIENCE CHURCHES
"Mortals and Immortals" will be the Sunday Lesson-Sermon subject in all branches of The Mother Church. The First Church of Christ, Scientist, in Boston, Romans supplies this Golden Text: "If ye live after the flesh, ye shall die: but if ye through the Spirit do mortify the deeds of the body, ye shall live."

"Little children, yet a little while I am with you," said Jesus to his disciples as given in a Bible selection from John. "Lord, whither goest thou?" asked Simon Peter. "Jesus answered him, Whither I go, thou canst not follow me now; but thou shalt follow me after wards. And whither I go ye know, and the way ye know. Thomas saith unto him, Lord we know not whither thou goest: and how can we know the way? Jesus saith unto him, I am the way, the truth, and the life: no man cometh unto the Father but by me."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes: "Jesus spiritual origin and understanding enabled him to demonstrate the facts of being — to prove infallibly new spiritual truth destroys material error, heals sickness and overcomes death." "Like our Master we must depart from material sense into the spiritual sense of being."

Citizenship Will Be Topic Sunday Of Rev. Hogarth

Christian Citizenship will be the topic next Sunday morning of the Rev. Robert M. Hogarth, vicar of St. Paul's in the Desert, Episcopal church. The service is at 11 o'clock.

At 7 p. m., Rev. Hogarth will speak on the Positive Virtues of Sincerity at the Young People's meeting.

Also on Sunday there will be Holy Communion at 8 a. m., Sunday school at 9:45 a. m., besides the 11 a. m. and 7 p. m. services.

"Keep your mouth closed when angry," advises a health expert. Very good idea, unless you think you can lick everybody.

Class Parties for Episcopal Sunday School Children

Several class parties for children of the Episcopal church Sunday school have been held in the past few days to enable the teachers to become better acquainted with the children and to meet their parents.

Last Saturday Mrs. Kenneth C. Guild and Miss Christie McCombie had the primary preschool party at the Guild home.

Tomorrow the Sunday School choir will meet at the home of the director, Mrs. Emil Wagner, 591 North Belardo road, at three o'clock. Mrs. Eber D. Kanaga, organist, and Mrs. Doritz Kreimer, will assist.

Choir rehearsal will be followed by games and refreshments.

Sunday Evening Services Resumed

Sunday evening services were resumed at Community Church last Sunday evening at 7:30 o'clock with a musical program presented which was much enjoyed.

Mrs. Holly Visel, choir director, presented her high school young ladies choir, in a pleasing program.

Mrs. William Lux Again at Console

Mrs. William Lux, organist at Community Church, will resume her place at the organ next Sunday, morning and evening.

During her absence, Mrs. J. R. Macartney, wife of the pastor, has been substituting for her.

Altar Society to Meet November 18

The Altar Society of Our Lady of Solitude Catholic Church, will meet in an important session Thursday, Nov. 18, it was announced today.

The meeting will be held at the rectory.

Evangelists Start Series at Church

Special Evangelistic services will start Sunday night, Nov. 14, at the Full Gospel church, Indian avenue, with Evangelists Hazel Youngman and Mildred Howard in charge. Services will be held every night except Monday and Saturday.

Good singing and preaching are planned for these services to which the public and service men here are invited.

Community Circle In First Meeting

First meeting of the new season for the Community Circle of Community church was held last Tuesday. The afternoon was spent in sewing comfortable articles of clothing for many children.

The group met at noon at the church for lunch.

Annual Christmas Bazaar of Guild To Be Held Nov. 29

Monday, November 29, has been chosen as the time and the card room of the Desert Inn has been chosen as the place of the annual Christmas Bazaar and bridge tea sponsored by the Women's Guild of St. Paul's in the Desert Episcopal church. The public is cordially invited to come both for the sale of foods and gifts, and for the bridge and tea which will start at 2 o'clock.

Through the cooperation and help of Mrs. Nellie Coffman, owner of the Desert Inn, the Guild will again hold the party in the card room which opens to the right of the lobby of the Inn. The bazaar has been held in this same spot for several years.

Sewing on many articles of beauty and use has occupied the time and attention of Guild members since last year, and on Tuesday of this week Mrs. Frank Camp opened her home at 776 Mission Road to the Guild.

Next meeting will be next Tuesday, November 16, at the home of Mrs. Frank Roberts, 633 Chino Canyon Road, when Mrs. Roberts and Mrs. Levering Moore will be hostesses. Members will meet at 10:30 o'clock and a community luncheon will be served at noon.

St. Paul's Guild Meets on Tuesday

St. Paul's Guild of the Episcopal church met Tuesday at the home of Mrs. Frank W. Camp to continue preparations for the annual Christmas bazaar.

The next meeting will be held Tuesday, Nov. 16, at the home of Mrs. Frank Roberts, 633 Chino Canyon road, in Little Tuscany, starting at 10 a. m.

Deaconess Spencer Is Back in Village

Deaconess Ethel L. Spencer of St. Paul's in the Desert, Episcopal Church, has returned to her home in the Village after a stay in the Good Samaritan hospital where she recently underwent a serious operation.

She lives at 256 Alta Mira.

Many Enrolled in Tuesday Bible Class

At the first session of Dr. J. R. Macartney's Bible class Tuesday afternoon, 25 were enrolled. The text book used is entitled "Panorama of the Bible."

The class meets every Tuesday of the month except the fourth.

Movies at Desert Museum Meeting With Much Praise

Movies of natural history subjects, animals, birds and flowers, shown daily except Mondays at the Desert Museum, have proven very popular. Mrs. T. D. A. Cockerell, in charge, said this week.

They are not only shown in the evening but also on Tuesday, Wednesday and Thursday afternoons between 3 and 5, for the children.

These pictures represent some of the best modern photography, many of them in color. During the summer, Prof. and Mrs. Cockerell showed these pictures in the wards at the naval hospital at San Diego where they were much appreciated. They have also been shown at Torney General Hospital here.

In Canada and Great Britain the Salvation Army operates more than 350 Red Shield centres for the troops and more than 2200 workers serve British and American fighters in the British Isles, the Dominions, and the Middle East.

Colored USO for Palm Springs Area Organized Tuesday

Highlighted by the announcement that the 27-piece band from the 93rd Infantry Division would be on hand for the Friday night dance, Nov. 12, with Camp Young soldiers, the first meeting of the colored girls' Junior Hostess Organization got off to an enthusiastic start at the Palm Springs USO Club last Tuesday evening, with Miss Aquilla Matthews, of the Desert Area Staff, acting as an advisor, and Miss Gail Sollenberger, associate director of the USO Club, as counsellor.

FIRST DANCE TONIGHT

Twenty local girls were present at the meeting which resulted in the election of Miss Bessie Jernigan as chairman of junior hostesses and Mrs. Van Williams as chairman of senior hostesses.

The main topic on the agenda was the planning for the Nov. 12 dance, which is the first official dance for Palm Springs colored girls and nearby Negro troops. Entertainment for the evening will consist of a special program put on by the band, a jitterbug contest, and a song-fest conducted by Mrs. Holly Lash Visel, USO musical director.

PLANS DISCUSSED

Miss Matthews discussed plans with the girls for a Sun and Sand Caravan trip to El Centro on the seventh of December, and also the possibility of making an overnight trip to Yuma in the near future.

Girls who attended the meeting were Miss Bennie Mae Crawford, Miss U. Crawford, Miss Ida Daniel, Mrs. Lucille Daniels, Misses Myrtle and Carlee Fatheree, Mrs. Marantha Davis, Mrs. Isaac Dudley, Mrs. Dorothy Hillman, Mrs. Esther Hooper, Miss Bessie Jernigan, Miss Mae Lee Jones, Miss Johnnie Nichols, Mrs. Sallie Perkins, Miss Minnie Wallace, Mrs. Van Williams, Mrs. Viola Wilson, Miss Addie Wright, and Misses Evelyn and Esther Pellum.

Some women have the laugh on their husbands—by crying.

Cathedral City

W. R. HILLERY

The Town Hall was a busy place this past week in addition to the two afternoons each week, Tuesday and Friday, at which time the free library under the operation of Mrs. Marie Ide is active, there is the regular Sunday church services and Sunday school. Then following an organization meeting of the Red Cross last Friday night the production group met on Monday and Thursday afternoons. That is making use of a community in a way that should warm the heart of everyone who in past years labored so hard to raise the money and buy the lot, build the Town Hall and its additions and then equip it.

The chamber of commerce, who are trustees in ownership of the Town Hall, had a hasty meeting of its directors last Saturday night and transacted such business as was urgently brought before it. Due to war conditions, it was decided more than a year ago to discontinue the monthly meetings that had been in effect for several years and unless something urgent enough to call the membership together the affairs of the chamber and of the village, insofar as the chamber voices the welfare of the village, would be placed in the hands of an executive committee. At the meeting Saturday the principal business was to approve the committee action in making arrangements for garbage collection. This was done and also the approval of drawing a check for \$125.00 to pay for the preliminary pick-up of the summer's accumulation prior to the regular twice a week service that began near the end of October.

The plan was approved to pay Mr. Harris for the pick-up a fixed amount of \$150.00 per month and to relieve him of the collection of money, the rock that has wrecked every pick-up service in the past, and to ask W. C. Wilkes to collect the money, deposit it in a special account and to disburse it under the sponsorship of the chamber and to pay him a small amount for this service. The following committee was appointed to aid and assist Mr. Wilkes: W. L. Jordan, W. R. Hillery and Jasper W. Kyle. At that meeting it was agreed that Mr. Wilkes would be at Town Hall on this Friday and next Thursday during the library hours of 2 to 4 p. m. for the convenience of those who wish to pay him in person rather than mail the collection fee. Incidentally we hope those who have so little in the way of pick-up that they think they should not be included in the pick-up service, will not do more than file a mild protest with Mr. Wilkes. He has only been asked to do the collecting and the assessing has been set with the idea that everyone must help his community by making the contribution and further we hope this threat will not have to be put into action that all who do not take this service will be reported to the County Health Department and that this action is based on an understanding we have with the office.

Beginning in December and each month thereafter it is planned for Mr. Wilkes to be at the library meetings on the first Tuesday followed by Friday when he will receive all money not mailed to Sanitary Service, a name adopted for convenience. A \$4.00 bill for mimeographing the notices was approved and a token of appreciation in the form of a \$25.00 check was voted to the Palm Springs Fire Department for making the run out here when a portion of the trailer park burned.

Speaking of fire protection, William Leonasio, chief of the Palm Springs Fire Department, was talking to me a short time ago and in his mild and gentle words wanted to know what we were doing about protection for our community and observed that the loss from the last two fires would have paid for a lot of protection. I think we have gambled with the idea of getting a state forestry fire truck here and it would be so much more efficient than anything we could afford to

provide. The proposal is still alive and through the untiring efforts of Mr. Kyle, we are soon to have another session with the state representatives and there is one thing this community should be prepared for and that is if a subsidy of some sort in the way of a lot or the use of Town Hall for a limited period is needed, it will be up to us to provide it.

Just in case the Red Cross notes do not reach me in time, I will report that at the invitation of Francine Melrose I called a public meeting to order at Town Hall last Friday night. There was a fine turnout and after talks by Mrs. Melrose, Claude Cobb and Jasper W. Kyle and several others a permanent chairman, James W. Kyle, was elected to head the Cathedral City unit of the Palm Springs branch.

It was decided to meet on Monday and Thursday afternoons at Town Hall, material and instructions for production would be furnished and a committee of five agreed to furnish refreshments. The young army wives were enthusiastic in the program and one of them, Mrs. Kay, agreed to take care of the members' children while they attended classes. A first aid class was promised if enough signed up for it; also instruction in first aid obstetrics would be available.

Philip Boyd has agreed to appear at a later meeting and talk to the members. Personally, I would say that if we know in advance of the meeting, the Town Hall should be filled to capacity to hear Mr. Boyd, who is a sincere and very able speaker.

Now folks, get our your check book and prepare to give substantially to the War Chest drive. W. L. Jordan consented to act as chairman of the committee in charge of Cathedral City and vicinity and has had Mrs. Blakeley, another volunteer, preparing the letters to be mailed to all local residents. Should you be overlooked in any way, please contact Mr. Jordan.

Agnes Pelton was to leave this weekend for Santa Barbara where an exhibition of her canvases are to be placed in the Santa Barbara Museum.

Mrs. Florian Keogh is back and occupying her winter home.

T-Sgt. Richard Craig terminated a ten day furlough during which time he spent most of it with his parents here in Cathedral City. Richard's brother "Slim" Stanley Craig, is with the naval air craft service and is still stationed in Brazil.

The Totem Pole Cafe, with all its grotesque carvings, has secured enough points to resume full time operation and it is to be hoped that we shall not be deprived of a restaurant in our community. There is so much at stake in our having a public eating place such as the Totem that I took it on myself to write William Lippman about it and received a very courteous letter in reply. It seems that the Wheeler family have difficulty in cutting down portions to fit government regulations. Guess I would rather have the reputation of having served too much than too little. Anyway we hope there is no further break in his service.

No matter how these notes appear, I had finished them when it occurred to me that I had made no mention of an important event. The official discontinuance of the Civilian Observation Corps Aircraft Warning System post in this village. Certificates are yet to be issued to those who served to the end of regular operations, Oct. 16, and these reserves will be subject to call if needed. Details of this arrangement will appear later. Personally I want to thank the many who served with me through all or any portion of the two years our post was on an alert. The Army Aircraft have already thanked you numerous times. We are glad that the war has progressed to a point where

Soldier in Pacific Expresses Himself On Strikes at Home

"It is disgusting when you pick up a newspaper, if you are lucky enough to see one, and read of the many strikes, race riots and other conflicts and complaints they have on the home front. It is time some awakened to the fact that we are at war. Why not put the ones, who are always complaining and causing strikes, into the service and let them sacrifice a few of the pleasures of the home front. Why not give the fellows, who have been over here for a long time, a break and a rest."

Thus a soldier, stationed at Torney hospital in Palm Springs until recently and now in the South Pacific, expresses his views on strikes which are impeding the war effort and race riots which are storing up trouble for the future, in a letter to a woman who is employed at the hospital.

"What have the people on the home front to complain about?" the letter continues. "They have a nice warm place to sleep. They can enjoy magazines, newspapers and movies. Yet there is a certain group that complains because they have to work such long hours and who will strike and walk away from a job because they don't think they are getting enough pay. Won't they ever wake up to the fact that every time they walk away from a job, they are depriving some soldier of the equipment which he needs to fight for his country as well as for his life?"

"What would happen if the soldiers on the many battlefronts would quit fighting because of long hours, small pay and little food. Where would our country, our America, be today? It is about time the people were getting their eyes open and quit striking and complaining."

Field Club . . .

activities on the Field Club premises, to coordinate recreational activities of military personnel and other agencies which may be involved and to keep records and statistics for the FWA.

RENEW APPLICATION

To the caretaker will be entrusted the duties of keeping the grounds and premises in shape. Appointment of both officers will be on a month to month basis.

Upon report that the other half of the city's application for federal aid at the Field Club—construction of necessary sanitary facilities and showers—had been disallowed by the FWA, Mrs. Louise McCann, acting city manager, was authorized, on motion of Councilman Philip L. Boyd, to proceed further with the application for construction aid and to re-open the project.

Vote on the resolution to appoint a director and caretaker was—Aye—Mayor F. V. Shannon, Councilmen E. E. Theriault, John Connell, Philip Boyd, Frank Cutler; No—Councilman C. P. Adams.

With the advent of winter weather, the State Department of Motor Vehicles reminds the public to be careful when driving or walking on wet and slippery streets. One second may tell the difference between life and death.

this defensive effort can be dispensed with.

The Cathedral City school observed American Red Cross Education week by holding open house all day Tuesday. Several interested mothers availed themselves of this opportunity to watch the children and their teachers at work.

Wednesday, the school was honored by a visit from the county supervisors: Mrs. Hood, art supervisor; Miss Gilbert, curriculum co-ordinator; and Miss Finchy, district superintendent had many favorable comments to make concerning the way the school is progressing.

MURDER — John Loder, being featured in "Murder on the Waterfront" at the Palm Springs theater Nov. 20.

A Pre-Flight View of the World

Aviation Cadets study 440 hours of geography, math, physics, English, history, and civil air regulations during their pre-flight training. Candidates are enrolled as enlisted men in one of several score colleges and universities throughout the country for the five-month course, prior to being assigned for flight training in schools of the Flying Training Command.

Do Your Christmas Mailing in November! Postmaster R. M. Gorham Calls Public's Attention to Overtaxed P. O. Facilities

Do your Christmas mailing in November!

"Delivery of the annual flood of Christmas gifts and cards on time, always a serious problem, will be more of a problem this year and it will be almost an impossibility unless Christmas mailings are made largely in November," said R. M. Gorham, postmaster, today.

"Transportation facilities are burdened to the limit with war materials and personnel, and the Postal Service has sent more than thirty-one thousand experienced employees into the Army and Navy," Mr. Gorham said. "The only solution to the Christmas problem is: Mail in November. Mark your parcels, 'Do not open until Christmas.' That is the only way to avoid disappointment on Christmas Day not only for many civilians but also for millions of members of the armed forces who are still in this country."

AVOID EMERGENCY

"It is also the only way to avoid the possibility of a Christmas emergency in the transportation and postal services. If the public will cooperate by mailing their Christmas parcels during November, we can handle a small volume of light, last-minute mailings, such as cards, up to December 10—but we can do that and avoid an emergency only if November is really 'Christmas Mailing Month.'"

Postal officials pointed out that the volume of mail now is far above any previous records, that railway cars by the hundreds have been diverted to war service and that the air lines have only about half as many planes as they once operated.

More than two hundred thousand extra temporary employees normally are employed to help with the holiday postal rush. This year, the extra employees will be largely women and high school boys and girls who are unable to work the long hours usually required and whose work will be relatively slow.

SPREAD IT OUT

To deliver the Christmas mails on time, therefore, it is necessary that mailings be spread out over a longer period so that available transportation equipment and postal personnel can be used during more weeks. It will be utterly impossible to make the deliveries by Christmas if mailers wait until the last three weeks before the holiday, as in normal years.

There is another reason for shopping and mailing earlier than ever before. Retail stores are short-handed. Purchasers can avoid shopping in crowded stores, long waits for service, and other inconveniences of late shopping if they buy now. They will also doubtless have a better choice of merchandise than will be available later.

Mrs. Emma Hathaway Back for Season

Mrs. Emma Hathaway, well known winter resident, was expected back in Palm Springs this week-end from Manitou Springs, Colo., where she spent the summer.

Mrs. Hathaway will re-open her home at 514 Calle Encelia. She left the Colorado resort Wednesday.

Nephew Brought to Torney to Recover From Wounds

Mr. and Mrs. L. W. Williams of Banning were here last week to call on their nephew, Cpl. Elmer Lee Lloyd of Modesto, who is at the Torney Hospital for treatment of wounds received in the South Pacific and for malaria.

Cpl. Lloyd has been cited for the Order of the Purple Heart for carrying a wounded companion 200 yards after he himself had been wounded. He has been in the army for two years and four months and has seen service in Hawaii, Wake Island, New Zealand and other South Sea islands. He has taken part in 428 air raids.

The young man was still running a temperature when they called on him, so Mr. and Mrs. Williams could only see him for a short time. They learned that he was taken 1000 miles by airplane after he was wounded. His parents are Mr. and Mrs. Eugene Lloyd of Modesto.

Special Policeman Standing Guard to Protect City Dump

People will take anything if it's for nothing.

Because the city dump was being raided constantly and tin, wood and other items carried off, a special officer is now on duty there.

Public Works director Ray Sorum is having large signs painted to warn against raids on the dump.

John R. E. Chaffey Back From Canada

John R. E. Chaffey, well known local realtor and chamber of commerce official, returned Wednesday from a flying trip to Canada to visit his father, B. E. Chaffey, at Winnipeg, Canada. He made the trip by air both ways.

Casitas Del Monte Opens New Season

The Castias Del Monte Hotel and Bungalows, 2281 South Palm Canyon drive, at the mouth of Palm Canyon, opened for its fifth season in the Village last week end with most of the old staff back to greet its guests.

C. T. Wooster, owner-manager, also operates the Chelsea hotel in Los Angeles. Mrs. Wooster is remaining in the city to take charge there.

Check your brakes at regular intervals. See that your lights are properly adjusted and never add accessories to your car which might endanger other drivers. This is from the State Department of Motor Vehicles.

Here's One Extra Meat Coupon You Can Get Easily

How'd you like to have an extra meat coupon and not have to stand in line to convince the ration board that it's what the doctor ordered?

At last such a coupon has been found. Dorothy Keeney and Mrs. M. C. Perkins of the Original Malt Shop, 200 North Indian avenue, offer it to the public today in an advertisement in The Desert Sun, getting the public acquainted with their hamburgers. The coupon plus a little cash, entitles the purchaser to receive and to consume one hamburger and a coke or rootbeer.

And they're good.

modations for visiting men for the army's guidance.

Mr. Lipps also said that the army could not be bothered with visits from several different delegations and urged that a committee be named by business men to meet with committees already named by the council and chamber of commerce to coordinate a program and work together.

On this committee were named Mrs. Parry and Mr. Barrows, along with Walter Kofelt, secretary. Mr. Kofelt was this morning made secretary of the joint committee named by Mayor Shannon.

JOIN, IS ADVICE

Mr. Lipps reiterated that anyone who did not take part in civic affairs had little right to criticize or complain when things went wrong. He urged his listeners to join the chamber and take part in its work.

"That's the way to make your desires known," he said.

Discussion of the survey, the finding of emergency beds for servicemen in schools, theaters and other places, collection of funds for this purpose and of the Field Club rest camp followed.

TO SLEEP 500 MEN

Capt. Harry C. Bursley, in charge of the Rest Camp, told of the plans there for providing sleeping accommodations for 500 men.

Tuesday the committee met with the city council and chamber of commerce committees and it was decided to ask council for a resolution expressing the views of the city and to let the council act as intermediary in negotiations with the army.

This resolution was prepared by City Attorney Roy W. Colegate and presented to council Wednesday night.

WILLINGNESS SHOWN

It set forth that Palm Springs had always demonstrated its willingness to fully cooperate with the armed forces of the nation and has evidenced such desire by its hearty support of all agencies seeking to promote the welfare and comfort of officers and men and that the officers and men had shown their appreciation of these efforts by coming here in increasing numbers.

The resolution pointed out that the chamber of commerce, business men's group and others had indicated their full faith in the ability of the mayor and council to conduct all negotiations looking toward the health, safety and general welfare of the community as well as that of visiting soldiers and then resolved that the army command be advised of the readiness and desire of the council and Palm Springs to cooperate with the army in the matter of promoting the health, safety and welfare of visiting servicemen.

TO NAME GROUP

It further resolved that the mayor be empowered to appoint a committee representative of the council, chamber of commerce, and business men to conduct a survey of sleeping and restaurant accommodations, to acquaint the army with the results of the survey and to encourage such numbers of soldiers to visit the city which may reasonably be accommodated here. The resolution also asked that steps be taken to obtain federal and state aid to care for visiting servicemen.

Mayor Shannon then set yesterday morning at 10 for a meeting with existing committees indicating he would appoint them to the general committee. The meeting was postponed until this morning. The survey has already been started and the committee expects to expedite its work and have it in the hands of Gen. Haislip early next week.

On the sands of the Iraq desert, Major Harry Saunders and Captain David Durman of the Salvation Army, set up canvas tents which were the one link with civilization for the men who lived months in the desert. Since games and radios were out of the question in that remote place, community sings and concerts were arranged.

DON'T MISS IT—Betty Hutton, Bob Hope and Zazu Pitts in a scene from "Let's Face It," one of the funniest army comedies ever to come from Hollywood, which will be seen at The Plaza theater Wednesday to Saturday next week.

"I Rise to Remark"

By CONGRESSMAN JOHN PHILLIPS

Perhaps I should remark that this is the way it always happens. I have been complaining, as you know, about the lack of activity on the part of Congress, since the recess. I have remarked that one of the most difficult things for a new Congressman is to slow himself down to the speed of Congress.

Now I have so many things to write about that I have to decide which one to take for this week's letter. I have decided to give you a factual demonstration of the workings of the bureaucratic mind.

The place is the Committee on Agriculture. The time is Tuesday, October 26th. Before the committee, as witnesses (by request) are Dr. R. V. Gilbert, economic adviser to the administrator of OPA (in reality the queen bee of the OPA hive); Jean F. Carroll, director of the food price division; J. F. Brownlee, deputy administrator for price, and R. B. Hefebower, economist in the food price division.

Dr. Gilbert has just been asked by the chairman to give his background and experience. He replies: "I can put that in a nutshell. I have had no practical experience in business or farming. I am an economist. I am a trained economist. My friends tell me I am a good economist. (With a modesty like that, he ought to live in Southern California!) . . . I received my training at Harvard University. I taught economics at Harvard University for a matter of fifteen or sixteen years; taught economics at Radcliffe for a matter of four or five years. . . in the late summer of 1940 I joined Mr. Henderson . . . and have remained with that organization through its changes from NDC, to OPA, and to OPA."

We now turn several pages of the transcript. It is brought out in the committee that the present movement of livestock is not a normal movement. Dr. Gilbert expressed the surprise of the OPA at this situation. A member of the committee speaks:

"You don't mean to tell me that you came here as an economist, when I, just a country boy, know that if you freeze by law a set of prices, that you're not going to have a normal movement of related prices!" To which Dr. Gilbert replied:

"The whole experience of generations goes to support the view we took at that time." In other words, that was the best classroom theory!

Next week I shall quote more, to show how the OPA boys deliberately disregarded the experiences of the industries themselves, and the decisions of the War Food Administration (to which Congress gave the power of decision) and announced plans of its own, not yet submitted to the representatives of the commodities affected. These were meat and citrus.

Chaplain Faris Armistice Speaker At Lions Meeting

Chaplain Walter Faris of the Palm Springs army air base, was the speaker at yesterday's meeting of the Lions club, his subject being "Children of Mars." He cited the mistakes of the last peace and urged that something be done to prevent the same mistakes being made this time and another generation of "Children of Mars" produced.

The church and suitable supervised recreation for youngsters were cited by Chaplain Faris as the outstanding instruments to be employed to preserve America for the generation now growing up.

Harold West of the Bank of America was program chairman for the day.

Dr. J. R. Macartney sounded a plea for Villagers to invite a soldier or two or three to Thanksgiving dinner and Lloyd Simon spoke on the coming Lions dance to be held at the Colonial House Monday, Nov. 22, with music to be provided by the 21st Ferrying Group band.

President Culver Nichols presided.

It Will Be O. D. for Air Base on Monday

It will be good-bye to summer uniforms for officers and enlisted personnel at the 21st Ferrying Group base next Monday.

On that date, cottons give way to woollens and the lighter uniforms will be replaced by the darker O. D.'s.

The change applies to both men and women soldiers.

But I want to quote one more. The chairman has asked: "Did you not tell the industry committee that there would be no change without consulting them?" He meant, change in plan, affecting the marketing of meat. To this Mr. Carroll replied:

"I told them that nothing would be put into effect. This had not been discussed with them to be sure it was workable. This has not gone into effect yet, and it will be gone over from A to Z before it does."

At the very moment this statement was being made before the Committee on Agriculture, the new order was being signed and announced down town. How would you like to work in Congress under conditions like these?

Next week: more from the meat and citrus bearings.

MORE ABOUT . . .

This Side of the Sun

the trousers figuratively as well as literally. . . Mrs. Thomas Ridge of Kansas City had the honor to be the first golfer to smack the ball down the fairway when the Desert Golf course opened what promises to be its biggest season.

OPPORTUNE—With Jack Benny in town, it is probably a good time to again suggest that breakfast food manufacturers put some thought to designing a better package. With the split paper sacks now in use, an inept male, my classification, shoots the crisp, golden, crunchy and so on flakes, all over the table, when attempting to pour. . . Gossip has it that every soldier in town has a sore hand today from attempting to crack his knuckles when Benny spoke at the Chest dance Wednesday. . . The town is so full of celebrities that Col. Charles Lindbergh failed to arouse more than an ordinary ripple of excitement here last week.

EFFICIENCY — The state is sending four women to Palm Springs next week to confer with labor and capital. Will have to look up our industrial section some time. . . If you want to know how poor gasoline is getting these days, just stand at a busy corner and listen to the swelling chorus of Pings as motorists try to speed up. . . In Canada, the war price board has lifted the ban on two-pants suits. Here, the chairman of my committee to glorify the Pun, says it is still a pressing problem. . . He also says that racing a train to a crossing is a sure way of getting your rites.

DOUBLE TALK — My favorite quotation this week is from a broadcast by Jap Premier Hideki Tojo who said: "The present war situation is very complicated. The enemy who was defeated at the beginning is now trying to overwhelm our nation." . . . When Alice Caine Parry got her telephone after waiting weeks for it, she sent out birth announcements to her clients. She calls the phone "Lex" which is short for Alexander Graham Bell, Jr. . . Mrs. G. says she never needs to worry about me unchaperoned in Palm Springs. I'm either too sprung or too old.

BIG DAY—On Nov. 12, 1873, Palm Springs acquired a sound, capable executive. That's the day Frank V. Shannon first saw the light of day in the cold east. The mayor is observing his 70th birthday today by working at his official duties and by doing good by stealth. I wish he'd let me tell some of the things he has done for the Village and for its various activities. Did you know "Pop" Shannon was once a printer and that he knows teh "case" as well and better than some of the present day operatives? Congratulations are in order and here goes The Desert Sun's.

CHANGING — Westerners are getting to realize the possibilities of vacations in the winter time, said Harold Maundrell of the Colonial House this week. The old long-established idea that a vacation must be taken in mid-summer is being dented. It's just as important to some people to flee the cold as it is to dodge the heat. And that's why Palm Springs is booming earlier than usual and is full up despite the war travel restrictions which may have kept some Eastern people from getting here so far. Hotels are full of guests from Seattle to San Diego, here to get the sunshine and escape coastal fogs. Recently Maundrell said, his hotel was filled to capacity—and only one registration was from the east. They'll come later, reservations indicate.

PROGRESS—Cecil Stokes, associated with Mary Pickford and Father Hubbard in the Aurora Foundation, was in the Village this week with some interesting stories to tell of the foundation. The Aurora Foundation photographs sound waves in colors and when shown on the screen, not only the sound of the singers' voice but a picture of it in beautiful shades, is offered those fortunate enough to look on. The auratone's greatest value, say doctors, is in curing cases of mental shock. It is therefore in great demand in hospitals. As a soothing interlude after a tough battle or a break in monotony, it is much in demand in the battle zones and at lonely outposts. The auratone has unstrung tense nerves of soldiers in North Africa, the Aleutians and on lonely Pacific islands. The sound and picture of John Charles Thomas' voice in "Lord's Prayer" was shown on the beach at Attu shortly after the island was taken, Stokes said.

AND FINALLY — What is so rare as a day in November—in Palm Springs?

Folks who say it hurts to borrow often can't bear the agony of paying back.

PALM SPRINGS, CALIF.
Friday, Nov. 12, 1943

The Desert Sun—7

Railroads Refute Statements Made By Vice-President

John J. Pelley, President of the Association of American Railroads, today made the following statement in regard to statements made by Vice President Wallace in a speech in Dallas, Texas, on October 20:

"The Vice President of the United States, in the savage and unwarranted attack upon the transportation agencies of the country made at Dallas last night, has echoed old and discredited statements which have been answered time after time by spokesmen of government and industry. He repeats assertions made by employees of the Anti-Trust Division of the Department of Justice in a public hearing before a Senate Committee, but he does not refer to the fact that these assertions were conclusively refuted by responsible public officials and private citizens concerned with transportation. The truth is that the conference method of considering rates, has long been in use and has had the approval of both shippers and public regulating authorities, and that every conclusion reached is subject to review by the Interstate Commerce Commission. Speaking for the railroads, they are willing and anxious that their rate-publishing agencies should be subject to Commission control, under regulations that will be practicable and fair.

"Mr. Wallace devoted much time to alleged discrimination against the South and West in the matter of rate adjustments. All such questions are again before the Interstate Commerce Commission in a comprehensive proceeding involving all the issues. That body, which enjoys the confidence of the country to a very high degree, can certainly be trusted to do justice to all sections.

RATES LOWEST IN WORLD

"Mr. Wallace would have the public believe that railroad freight rates are unreasonably high. As a matter of fact, they are the lowest in the world. The average revenue for hauling a ton of freight one mile is less than one cent, and less than at any time in the past twenty-five years.

"The Vice President repeats with the usual inaccuracies the oft-told story of the contract between the air lines and the Railway Express Agency, which performs for them the necessary ground services. This contract has lately been reviewed, revised and approved by the Civil Aeronautics Board, after certain provisions as to rate levels had been eliminated, but even before revision, the contract had no effect upon air line express rates. This is obvious from the fact that the original contract provision limited air rates to twice railroad express rates, whereas Mr. Wallace states that these air rates are 80 cents per ton-mile, which is five or six times the measure of rail express rates. The truth is that the air rates are fixed by the air lines and the express contract has no effect whatever upon them.

"The address by the Vice President is filled with statements that, by implication at least, reflect upon the competency, if not the integrity, of the Interstate Commerce Commission. That body needs no defense at my hands. Its more than fifty years of honorable service speaks for itself. It is strong in the confidence of the country.

"In his references to Wall Street control of the railroads, Mr. Wallace is merely rattling the dry bones of ancient prejudices."

Hillside HOME

Offering the Finest View in Palm Springs

Consists of three bedrooms, three baths, large living room with artistic fireplace, dining room, kitchen, service porch, and two-car garage.

House is practically new and is exceptionally well-built. Has latest type furnace heat, steel sash, and venetian blinds.

Located in Palm Springs' most exclusive tract on large hillside lot, offering an excellent view of the desert and mountains.

Beautifully and completely furnished in every detail. Ready for immediate occupancy.

\$57,374 Is County's Gasoline Tax Share

State Controller Harry B. Riley today at Sacramento apportioned \$57,374.76 in gasoline tax money to Riverside county as part of a \$11,038,250 distribution for the quarter ending last September 30. The county's share was computed on the basis of a motor vehicle registration of 44,419.

Controller Riley said the apportionment was \$1,970,646, or 15.15 percent less than that for corresponding quarter last year.

Don't battle for the right of way at intersections, warns the State Department of Motor Vehicles. Let the other fellow take the chances and you take your time. It is better to be a little late than a long time dead.

"The address by the Vice President is filled with statements that, by implication at least, reflect upon the competency, if not the integrity, of the Interstate Commerce Commission. That body needs no defense at my hands. Its more than fifty years of honorable service speaks for itself. It is strong in the confidence of the country.

"In his references to Wall Street control of the railroads, Mr. Wallace is merely rattling the dry bones of ancient prejudices."

Young Spence won two first places and a second prize in solo contests.

Wastage of Equipment in Present War Surpasses Any Previous War and Scrap Must Come in to Provide Replacements

BY WALTER ILLICK

Chairman Palm Springs Salvage Committee

At the recent Army Show in Washington, General George C. Marshall, Chief of Staff, United States Army, said:

"In the wastage of every conceivable type of military equipment, this surpasses any in the history of the world. No previous war has approached such requirements as the present awful struggle."

"Tanks, jeeps, trucks, air-planes and artillery are inevitably destroyed by the hundreds on the battlefield, even when the going is good. The weapons and equipment must be replaced without delay if the advance is to continue and if we are to give the soldiers who depend on these weapons a fair break on the battlefield."

DOING GOOD JOB

Auto wreckers are doing a good job making as good a show as is possible. When you pass an auto wrecking yard piled high with jalopies, don't get the impression that the material is just rusting away. The wrecker must keep a stock on hand to work over. If he entirely clears his yard he is simply out of business. **BIG INCREASE IN NEW MACHINERY AND PARTS PRODUCTION WILL RELEASE SCRAP FROM FARMS.** Next to industry the greatest source of heavy scrap is the American farm, and old automobiles, and from that source we must mainly rely for the success of the "Victory Scrap Bank" Campaign. During this war the American farmer has done the greatest food production job in history despite an acute shortage of new farm machinery and badly needed parts. He has contributed vast tonnages of scrap for war but has to be careful to retain old machinery to replace parts of operating mechanism. The situation has substantially improved in recent months. On the authority of C. A. Cowan, Northern California District Manager of International Harvester, and member of the California State Salvage Committee it may be stated:

1. That material allocations will permit the production of ap-

proximately twice as much new farm machinery in 1944 as was permitted during the current year.

2. That limitations on production of replacements parts have been removed and the supply is improving steadily.

IN BETTER SHAPE

Today the farmer is in better condition to release his wornout machinery than at any time heretofore and the situation should be made generally known.

Here is how we all can do our part, take what we have to the local Victory Scrap Bank and deposit it in the proper container. If you have no way to get it to the Bank, drop me a card addressed Salvage Chairman, 590 Indian Lane, Palm Springs, or notify this paper, and it will be called for.

The Army trucks will do the hauling, all you and I have to do is LOCATE THE SCRAP. Let's get everything.

Bundle your old newspapers, flattened corrugated paper boxes, and tin cans. Save all RAGS, keep them separate. If the local organizations do not collect them we will find a way.

Sorry I have no phone as yet, hope to have any day now, for I do need the help and cooperation of every one of you.

Don't forget **HOUSEHOLD FATS** for General Marshall was not fooling. The **SALVAGE PROGRAM IS AS IMPORTANT AS BONDS.**

Now is the time when even the poorest voice can safely break out with the "Star-Spangled Banner." We're all glad to stand for it.

J-Bar-K Acquires Remainder of Herd From Keys Ranch

All of the cattle that formerly browsed on the Will Keys ranch in the Joshua Tree monument, are now doing ditto on the J-Bar-K ranch of Kenny D. Paul and Harold H. Lienau in the Morongo valley, as the result of another drive last week end.

Paul, Lienau, Joe Butler, Ralph Sturkie and Dick Paul rode into the Monument last Friday and rounded up the remaining 13 head of the Keys herd the J-Bar-K recently bought and started a drive south. They rounded up the herd Saturday and stayed that night at the Keys ranch. Sunday they went the rest of the 34 miles to the Morongo valley ranch.

Paul and Lienau are leasing 160 acres more of good pasture adjacent to their present lease and expect to have 80 head grazing there soon. They are preparing their first shipment to market this week.

Keys, from whom the cattle was purchased, is awaiting a decision on his appeal from a guilty verdict arising out of the fatal shooting of Worth Bagley in a dispute over a desert road.

More than 1900 war plants have been awarded the Army-Navy E for excellence.

Building Booming In Village, Month Is Best of Year

Building operations are booming in Palm Springs. So far this month more building permits have been issued by Ray Sorum, director of public works, than in any previous month this year.

In November so far, 17 building permits have been issued, 13 of them in the past week. The best previous month for building operations was last month when 16 permits were issued.

The total for the week was almost \$5,000.

Four More Brown Meat Stamps Will Be Effective Soon

Dates when four more sets of Brown stamps from Ration Book 3 go into effect were announced this week by Paul d'Orr, southland ration chief.

"Brown stamps L, M, N and P will become valid on successive Sundays starting Nov. 21, and will be valid until Jan. 1, 1944. This is the same arrangement as has been used for earlier stamps for meats, fats, oils and dairy products," he said.

Wm. A. Lippman, Jr. Visits Parents on Journey of Desert

William A. Lippman, Jr., son of Mr. and Mrs. William A. Lippman, was in Palm Springs for a few days last week visiting his parents.

Mr. Lippman is representing the Evans corporation of Los Angeles, manufacturers of fastening appliances for cargo planes and aerial ambulances. Through use of these appliances much room is gained in carrying capacity.

From here Mr. Lippman went to Blythe before returning to Los Angeles.

Christian Science Speaker on Air Next Sunday

On Sunday, November 14, James C. McCaustland, of Spokane, will conduct the Columbia West Coast Church of the Air, under the auspices of the Christian Science Committee on Publication for the State of Washington. The program may be heard over Station KNX at 8:05 a. m., P. W. T.

Traffic laws were made for your protection. Learn what they are and obey them like a good citizen, says the State Department of Motor Vehicles.

Moving of Houses Will Come Under Strict Regulation

An amendment to the city traffic ordinance regulating moving of houses and buildings along city streets was adopted by city council Wednesday night.

The amendment provides for fees, a deposit of funds to insure that damaged streets will be repaired, regulates the time of such moving and provides that all such moving have the approval of the department of public works.

Former Principal Of P. S. H. S. Lauds School Year Book

A letter from Lt. Morris F. Richardson praising the '43 Chia and telling of his experiences in the Navy, was received recently at P. S. H. S.

Lt. Richardson was the first principal at P. S. H. S. He left two years ago to enter the U. S. Navy. At present Lt. Richardson is stationed in Corpus Christi, Texas.

In his letter to Dr. E. E. Oertel, principal of the high school, Lt. Richardson wrote: "The Chia arrived safely and I am indeed grateful to you for sending it. Many of those youngsters had occupied much of my interest and attention over a period of several years. You can well understand how I will enjoy their pictures and the record of their school activities."

"I congratulate you on the excellence of the book. Under present conditions I know what a task it must have been to produce such an unusually fine yearbook. Mr. Paul Summers, Mr. Max Vaucher, and Mrs. Kathryn Martin surely did a very superior job."

"I hear nothing but good reports of the school and am happy to know that all is going so well."

Lt. Richardson also mentioned his own activities.

"As for myself, I am busier than ever. In addition to my job as Senior Member of the Station Examination Board, I have been assigned as Station Educational Officer. I am also taking a Link Trainer course and can now 'fly' a Link on radio problems. Flying instruction in the air will follow the completion of my present course."

"They have instituted a plan here that provides for every officer to be transferred for sea or foreign duty as his turn comes in order of time on the Station. I expect some foreign travel within the next year."

"It may be several years before I see Palm Springs again, but I only hope to keep in close touch with you all there as that is my only real tie with the past days of peace in civilian days."

Smoke Signals Is Widely Read—Bear Flags Now Pile Up

That copy in Smoke Signals is read was proved conclusively this last week by the numerous offers of help that came to the high school office as a result of its frank statement through student copy that the high school wasn't flying a bear flag, as required by law, because it couldn't get one.

Apparently all political subdivisions of the State located in and around Palm Springs have been getting bear flags except the high school. The high school now has three bear flags on hand with prospects of more coming. And just to prove that "when it rains it pours" one of the flags ordered by the high school last August came to the office Wednesday, neatly packaged, shipped parcel post. Mrs. Marian Keller, school secretary, says she fully expects a second order to be delivered before the week ends—just to complete the deluge.

War Certainly Is Something
"Mother, where's Daddy tonight? At the lodge?"
"No dear, Your father went downtown to mop up the office."

Work Gets Under Way on Year Book By P. S. H. S. Staff

Pictures again will play the most prominent role in the 1944 Chia. This was the decision made by the Annual staff at their first meeting of the year last Thursday. Arthur Jones was appointed by the staff to create a comic Indian figure about which a theme for the Chia will be made.

In conferring with a representative from the Los Angeles Engraving Company, it was learned that due to wartime conditions, the cost of publishing yearbooks has increased and, also, that the Chia must be ready for the engravers a month earlier this year than usual. As a result of these new changes, the annual staff is faced with the problem of securing more advertisements in order to decrease the cost of the Chia for students.

Mrs. Kathryn Martin is again faculty advisor for the Chia and Mr. Paul Summers is managing the photography work.

May We Introduce

BY JO AND BOB

Again the girl of the week is a popular member of the Senior Class.

She was born in the ever growing city of Corder, Missouri, on April 9th, 1926. She was given a long family name, and it is a "honey." (But I will never tell.) She paid me plenty to keep it quiet.

This young lady has beautiful titan blond hair, and blue eyes and I do mean blue. She is 5'3" tall and weighs 125 lbs. This little maid may be seen at the Plaza Movie Theater.

She would rather dance than eat, well maybe ??? Her favorite foods are hamburger and lime "coke."

Harry James is tops in her band selection, with Glen Miller running a close second. She is crazy about "Moonlight Serenade" by G. M. and Harry James "Prince Charming."

When asked who her "Prince Charming" is, she said that she is carrying a torch for a certain Junior boy.

Her favorite pastime is dancing, and she is one of the best dancers in school. She also likes intermission. (I bet you are thinking the same thing I am) ???

Her pet dislike is Civics. Need I say more.

When asked where she goes in the summer, she remarked, "I follow the fleet."

Also, when she was asked what she did during the summer, she said, "I entertain the fleet."

This swell senior can be seen around the campus with Artie, Babs, Tony, Trudy, Jo and Barbara.

Her favorite colors are blue and white. A certain football player said she must be for Beaumont. She really is an ardent admirer of the P. S. Indians.

She's the Vice-President of the Glee Club this year.

If you haven't guessed her by now, when roll is taken she answers to the name of—Doris Girod.

BOY OF THE WEEK:

Again this week we are introducing a senior boy. No worry. You Juniors, Sophomores and Freshmen will get your chance later.

This senior was born in Marshall, Missouri, Feb. 3, 1926. He is 5'—feet tall, weighs 145 pounds, has blue eyes and brown curly hair (which, by the way, hangs down in his face.)

He, like most of us, has a list of likes and dislikes.

On the "like list," favorite food: hamburgers, milk, chili and beans. He likes to eat this special food in Banning at the Victory Cafe.

He especially dislikes the referees in Banning (I see what you mean!)

His favorite movie celebrities are Gary Cooper and Joan Leslie, and his favorite movie is an "oldie"—it's "They Died With Their Boots On."

He's another Harry James fan, and "Star Dust" by James really sends him.

The man in question has been very active in school activities in his 4 years at P. S. H. S. He was president of his class when he was a Sophomore, captain of the baseball team in his Junior year, captain of football team this year. He was (past tense) Little Chief and President of the Lettermen's Club the first six weeks of school.

He lives the year around in

Palm Springs High School Smoke Signal

Indians Bite the Dust in Gridiron Bout at Banning

By BOB LIENAU

Last Friday afternoon was a bad day for the Palm Springs Indians when they clashed with the Banning Bronchos. After a hard fought game, the score was Banning 21, Palm Springs 6.

With four regulars on the Indians "sick list," Palm Springs team wasn't as effective as it might have been had they been playing. Captain Joe Sandeffer was just recovering from a bruised leg. He played a small portion of the game. Troy Dunn, hard hitting tackle, was laid up with an infection. Nick Mutascio was handicapped with a cast on a finger. Therefore he was on the sidelines most of the game. John Hobson, end, couldn't dress on account of a strained muscle in his back. All these fellows will be playing this week.

EDGE IN FIRST

During the entire first quarter of the game, Palm Springs appeared to have the advantage over Banning. But that was stopped when in the second period Banning scored and completed the conversion, Banning led Palm Springs with a margin of seven points. In this quarter the most spectacular play of the game was executed. A Banning man passed the ball which was deflected by Bob Lienau into Johnny Batts' hands. Batts got this interception on Palm Springs 30 yard line and ran the ball 70 yards for a touchdown. Banning men attempted to tackle Batts but with hard running and excellent interference the Palm Springs Indians made the most beautiful run of the game. At the end of the first half Banning was still leading 7-6.

With the score so close both teams came back in the second half ready to win the game.

BANNING SCORES

During both the third and fourth periods, Banning drove down into scoring territory and scored twice. At the end of the game the scoreboard read: Banning 21, Palm Springs 6.

Banning was very fortunate in having husky fullback John Seymour. Seymour, weighing 200 pounds, was very aggressive in line bucks. This "bucking" Broncho appeared to be the "backbone" of the Banning team. When he was out of the game the two teams were evenly matched.

During the game Banning executed 81 plays making an average of 3 5/8 yards. Palm Springs executed 38 plays and gained an average of 4 1/19 yards.

MEET COACHELLA

The starting lineup is as follows: L.E. R. Massengale; L.T. A. Jurado; L.G., B. Lienau; C., G. Smith; R.G., B. Foster; R.T. V. Ward; R.E., J. Tracy; Q., W. Gallagher; L.H., J. Sandeffer; R.H., J. Batts; F., F. Devers.

Last Friday Beaumont upset Coachella with a score of 13-0. This gives Banning and Beaumont a chance for being league champions. Banning has lost one game and Beaumont has also lost one game this season.

This Thursday evening Palm Springs meets Coachella at Coachella. This game starts at 8:00 P. M.

good old P. S. During summer vacation he works in a service station, which explains why he has such a "Hot Rod."

He is very prominent in football, baseball, track, basketball and tennis, which covers practically every sport played at Palm Springs.

He plays favorites when it comes to teachers, and his choice is Mr. and Mrs. Glover and "Professor" Summers.

When asked whom he would like to meet he replied "Eddie Albert."

He says he would rather beat on his drums and dance with Artie Lee and Doris than eat.

When off the football field you'll usually see him with Vernon, Foster, and last, but not least, his favorite blonde, Artie Lee Butler, who at present fills that place in his heart.

If by now you haven't guessed, it's that "Bwanger" Joe Sandeffer.

"We're going to give the bride a shower."

"Count me in. I'll bring the soap."

The Mustang is described by military experts as the outstanding fighter plane of 1943.

Students at Palm Springs High School Registered From Distant Points, One Gives Bangor, Maine, as His Home Town

Have you ever seen a new student wandering aimlessly around the corridors or wearing that blank, far-away look on his face while in class? Have you ever sought for an explanation?

In case you haven't, here are some particulars I have gathered on a few of the new students who have come to Palm Springs high this year.

The student who has the greatest right to a case of nostalgia this year is Walter Umler. He hails from Bangor, Maine. That is some 3200 miles from here.

A second "stranger in these parts" is Dick Crumrine. He is from Washington, D. C. Dave Quackenbush, junior, claims Greenwich, Connecticut as his home. Dave claims it's 2400 miles to his home as the crow flies, 3,154 1/2 miles by train, and 2,655 1/4 miles by American Airlines (he didn't say, unfortunately, how far by T. W. A.) My geography tells me it's about 3000 miles, so be sure to go by train.

Bob Dart, president of the junior class, belongs to a big town, which is altogether fitting. He calculates he is about 2500 miles from home by one route or another. Several other students are about the same distance from their native cities. Donald McLearn comes from Honolulu, Territory of Hawaii. Don was in Pearl Harbor during the Japanese attack in 1941. Genevieve and Eugene Dirnberger are about 2500 miles from their last school also. They came from Sank Center, Minnesota.

Two girls are here from Leesville, Louisiana, some 2000 miles distant. These girls are Betty Chapman and Betty Curtis. Margaret Walker obviously is from somewhere in Texas. Maybe from the heart of Texas. She says it's Corsican.

From the Pacific Northwest we have Barbara Dodds, who was a native of Seattle, and Colin Bragg, from Silverton, Oregon.

These are a few of the students who are here "far from home" by their own admission. Have pity on them if they don't adapt themselves to the bright sunlight of Palm Springs with alacrity. Give them time, and they'll learn their way around. For the present they can be excused if they haven't completely detached themselves from the ties of distant homelands.

Four From School Take Army, Navy Training Tests

Four boys—Bill Curtis, Bill Foster, Nick Mutascio, and Gil Smith—took the qualifying test for civilians for the Army Specialized Training Program and the Navy College Program V-12 on Tuesday, November 9, in the high school office. These boys were in the eligible classification. The test required exactly two hours to complete. It was administered by Principal E. E. Oertel. Coach Wood Glover was appointed to witness the opening of the tests.

Results of the test will be made known to the candidates sometime before December 22.

The sugar content of some sugar maple sap may be nearly twice as great as that of others.

GAZZOIT

By Cecelle Morris

Never let it be said that P. S. H. S. inmates lack school spirit. At least, let it not be said about one feminine inmate, namely Norma Mabrey, who displayed that "good old fight spirit" when a Banning urchin made a derogatory crack about dear P. S. H. S.—Banning was also the scene of two very pleasant dates enjoyed by Gil and Smitty—in case you didn't get a good look those three maids hitchhiking on "99" Friday P. M. were Tony, Tuttle and Babs.

In the Monday A. M. reharsing of weekend events it was learned that three army wives are now attending school—Hoover finally summoned enough courage and attended the Cinema with Barbara Smith.—Warner Moore is a free man again—Pat Holderman is keeping tabs on Red via mail—No, those seniors aren't crazy—They just like to play tag. That's all.

Junior Red Cross Drive Is Launched By H. S. Students

"I am sure the Red Cross will get full support from the students of Palm Springs High School," Miss Julia Webber said today.

The drive started Monday, and will go on for several weeks. A chart will be posted on the bulletin board enabling students to see what progress their class has made.

This drive is to help with the War Chest fund. Students can obtain membership cards after they have given their donations. Last year P. S. H. S. gave over \$10.00, but with the new campaign under way, we are expected to far surpass the total for last year.

Students are asked to give their money to their class treasurer or to the member of the class assigned to be collector.

Miss Webber remarked that the Red Cross is a large organization and pointed out that in these times they have an extra big job to do. "We can all help by giving all we can to the American Junior Red Cross," she said.

The brown or Norway rat, latest to come to the United States, is now found in every state in the Union; the smaller black and Alexandrian rats are now found chiefly in the southern states.

When the youngsters return to school, mother will learn what peace and quiet really are.

The Il-Literary Guide

BY MAUREEN ROYBARK

TAKE YOUR PICK—

Observation: Hey, there's a fly in my soup!

(a) That's all right—he's dead.

(b) Oh, how much can a fly drink?

(c) First fresh meat we've had in here for a week and he complains.

(d) Teach him to swim, you'll make a fortune.

P. S. H. S. alumni seen strolling around the campus were Al Adolph, Katy Lotz, and Doty Segar. The latter two are now living here in Palm Springs.

GRINS 'N GROANS

Grin: When a little bird accidentally flew into the Abdun-Nur living room, onlookers were almost in hysterics from watching Mickie, broom in hand, fly under tables and over chairs in a vain attempt to chase it out.

Groans: The football game (need I say more.)

SCHOOL SPIRIT

Everything but the ceilings were blacked out Friday when some of the students brought maroon and white nail polish to school.

POEM OF THE WEEK

I wonder why
People who
Say "Really I shouldn't"
Always do.
A pleasant time was enjoyed
by all who went to the Tennis
Club last week. From a turnout
of approximately twenty-five,
only three of them were boys.
What's the matter, fellas?
Well, I guess you've taken
enough punishment for one
week. I remain illiterate.

Junior Class Has Twofold Session On Vital Matters

The Junior class held a meeting Monday, November 8, with a double purpose in mind. The two reasons for the meeting were (1) the current Red Cross drive and (2) the Sadie Hawkins dance scheduled for Friday, November 12.

The Junior class has set a high goal for itself in the Red Cross Drive to raise funds for the Junior Red Cross. This goal—to raise at least \$5.00—was set by Trudy Sawyer, chairman of the class drive. If the class reaches their quota, they will have raised half of the total amount raised by the entire school last year.

OFF TO GOOD START

At the end of the first day, the Juniors had already raised \$2.60 toward their quota.

The Sadie Hawkins day dance which has been scheduled for Friday night was the second purpose in mind at the meeting. The money raised from the dance will be added to the \$75.00 already in the treasury for the Junior-Senior prom.

Bob Dart, president of the class, appointed class members to various committees. These are as follows:

Records: Bob Fern and Donna Reed.

P. A. System: Jean Gilmore and Warner Moore.

Refreshments: Bob Lienau, John Outcault, and Colin Bragg. Decorations: Babs Neel, Bob Bell, and Barbara and Harold Emigh.

Door: Cecelle Morris and Donna Reed.

Clean up: Bob Dart, Trudy Sawyer, Warner Moore, Barbara Emigh, Bob Bell, Barbara Inman, Sallie Lockett, Colin Bragg, Cecelle Morris, Bob Fern, and Harold Emigh.

Publicity: Arthur Jones. The admission will be the same that was charged at the Halloween dance—75 cents for couples and 50 cents stag.

GIRLS TO TAKE 'EM

The dance was proposed to commemorate the anniversary of Sadie Hawkins Day, which was Nov. 6. This day originated in the comic strip of the Times called "Li'l Abner."

To conform to the custom the girls will "take" the boys.

After the clean-up work for this dance is finished, those on the clean-up committee have been invited to Bob Dart's house to swim and eat lunch. Bob announces this is a new technique conceived by himself as committee head to get his committee's work done with dispatch.

BARBECUE BET

Summer slices of ready-prepared meat in spicy barbecue sauce 10 to 15 minutes. Serve on hot cooked noodles.

What the neighbor's children don't know about you probably wasn't worth your children telling them.

Fashion Show to Be Staged Nov. 23 At Auditorium

The highlight of this season's 'teen age fashions will be shown to the mothers of students of P. S. H. S. at a tea which will be given on Wednesday, Nov. 23, at 2:30 in the school auditorium.

The clothes are to be modeled by the girls and are to be donated by the leading stores of Palm Springs. The contributors are Desmonds, Bullocks, Lanz, Knobby Knit, Maybelle's, Tailored Lady, Milady's Jewels, and The Plaza Yarn Shop.

Preparations are well under way this week, according to Mrs. Mary Eisen, faculty adviser in charge of the tea and style show. Mrs. Eisen said, "The girls are very enthusiastic about the show and are cooperating to their fullest in every way."

Girls in charge of the committee are: Invitations, Helen Louise Williams; Decorations, Edith Taylor; Scenery, Martha McCarn; Clothes Selection, Barbara Emigh; Refreshments, Julie McNeely; Hostess, Edith Dunigan; Dressers, Carol Burket; Music, Pet Mutascio; Models, Barbara Knowles.

The Girls League is hoping that this fashion show will be even better than that of the previous year.

Miss Gaylord Is English Teacher

At its regular November meeting held Tuesday evening, the high school board of trustees elected Miss Mary Louise Gaylord to serve as teacher of English and Oral Expression in place of Mrs. Jane P. Kleeb whose resignation will become effective with the beginning of the Thanksgiving recess. Miss Gaylord will start her new duties on Monday, November 29. Her contract will extend to the end of the current school year.

Miss Gaylord is a recent graduate of Fresno State College and the University of Southern California. She was an English and Speech major and she has a minor in History. She has earned her A. M. degree and holds a general secondary credential for the State of California. Her home is in Ontario, California.

The cemeteries of the nation are dotted with graves of careless and indifferent drivers. Don't shorten your life by being a poor driver or a careless pedestrian, advises the State Department of Motor Vehicles.

LODGE and CLUB MEETINGS

"Tear yourself loose and join the bunch.
And boost with all your might,
Forget your biz, whatever it is,
And things that don't go right.

"Forget your cares, remember there's
A world outside your own
To give you joy; remember, boy,
You can't get glad alone."

Legal Notices

NOTICE OF INTENDED TRANSFER OF LIQUOR LICENSES AND NOTICE OF SALE OF STOCK IN BULK

NOTICE IS HEREBY GIVEN: That FRANCES L. ALLEGORINI and C. THOMAS LUKE, a co-partnership doing business under the fictitious name and style of "THE CUE CLUB," vendors and licensees, whose addresses are respectively, Araby Tract, in the City of Palm Springs, County of Riverside, State of California, and 546 Paseo El Mirador, in the City of Palm Springs, County of Riverside, State of California, intend to sell, transfer and assign to DESERT GRILL, INC., a corporation, vendee and intended transferee, the address of which is 217 North Palm Canyon Drive, in the City of Palm Springs, County of Riverside, State of California, the following described personal property, to-wit: All stock in trade, fixtures, equipment and good will of that certain business known as "THE CUE CLUB" and located at 185 East Andreas Road, City of Palm Springs, County of Riverside, State of California, and the alcoholic beverage licenses hereinafter described and issued to the premises located at 185 East Andreas Road, City of Palm Springs, County of Riverside, State of California.

Pursuant to such intention, the undersigned are applying to the State Board of Equalization for issuance and transfer of the following alcoholic beverage licenses: ON SALE DISTILLED SPIRITS No. PQ-235-F, issued October 1, 1943, and ON SALE BEER AND WINE No. A-8847-S, issued January 1, 1943.

Amount of purchase price or consideration in connection with the said transfer of said licenses is the sum of One Thousand and 00/100 Dollars (\$1,000.00).

That the sale, transfer and assignment of the aforesaid stock in trade, fixtures, equipment and good will of the said business will be made, and the consideration therefor, together with the consideration for the transfer and assignment of the aforesaid licenses, will be paid on November 22, 1943, at 10:00 A. M., or at a reasonable time thereafter, at the office of EUGENE E. THERIAULT, Attorney at Law, 317 North Palm Canyon Drive, Palm Springs, California.

NOTICE IS FURTHER GIVEN that as part of the same transaction, the said DESERT GRILL, INC., as mortgagee, intends to and will execute and deliver a chattel mortgage upon the said business, stock in trade, fixtures, equipment, good will and all personal property at or pertaining to said cafe and liquor business above described, as well as all additions, increases or replacements thereto, to the said FRANCES L. ALLEGORINI and C. THOMAS LUKE, as mortgagees, and that the purchase price and consideration for the said chattel mortgage will be paid and delivered at said office of EUGENE E. THERIAULT, at the address above given, on November 22, 1943, at 10:00 A. M.

DATED November 12th, 1943.

Bennett Wastes No Time in Organizing Field Club Events

R. H. Bennett, retired U.S.M.C. sergeant, who yesterday was appointed Field Club director under terms of a resolution adopted Wednesday night by city council, wasted no time in swinging into action.

Five minutes after his appointment by Mrs. Louise McCarn, he was busy organizing a soft ball league for play this winter and today already had two teams organizing at Torney General Hospital and two more at the air base.

The high school is expected to enter the loop and Bennett is seeking teams from civilians to round out a six or eight club league.

He would like to have anyone in town interested in forming a team to get in touch with him at once.

A girls' soft ball league is also contemplated with Wacs and Nurses from local posts representing the armed forces and civilian teams rounding out the plan.

In addition he is mapping a program of bike races for the Field Club oval, touch football, badminton tournaments and various other sports to keep interest at a high pitch.

Mr. Bennett hopes to report early and speedy progress when city council meets next Wednesday evening.

During the summer months, Mr. Bennett successfully managed the municipal swimming pool on the Frank W. Cutler property.

Fire Dept. Finds Its Run Is Futile

A fire alarm in the south end of town at 10:40 Tuesday night brought the department out on the run but the run was futile as the situation was well in hand when they arrived.

Breakfast Meeting At Cathedral City Starts Club Year

The Cathedral City Woman's club will open its season with a breakfast Wednesday, Nov. 17, at the Grace Earley Date ranch.

All cars going to the breakfast are requested to be at the Standard station at 8:15 and to pick up passengers for transportation to the event.

Western costumes will prevail. President Katherine Naef will give her opening address and outline the program for the year.

Auto License Fees Will Be Posted in Service Stations

Charts showing the amounts due in motor vehicle license tax and registration fees for 1944 on all types and models of motor vehicles will be placed in Village gasoline service stations about December 1st.

While the fees due in 1944 will be exactly the same as were paid for license renewal this year, vehicle owners who do not remember how much they paid this year may ascertain the amounts they will have to pay for 1944 registration by consulting the charts.

Gordon H. Garland, Director of the Department of Motor Vehicles, announces this arrangement has been made with the California Petroleum Industry Committee in order to eliminate the expense of mailing special notification of amounts due to the nearly 3,000,000 vehicle owners of the State. Despite a sharp increase in values of used vehicles, a legislative act sponsored by the Department "freezes" the vehicle license fees for 1944 and 1945 at the 1943 level.

Your application, together with the fee may be mailed to the nearest main branch of the Department or presented at the registration counters after January 1.

Mother of Village Cafe Man Stricken

Barney Ostrow, owner of Barney's cafe, 394 North Palm Canyon drive, has returned to the Village after a sad mission to Los Angeles.

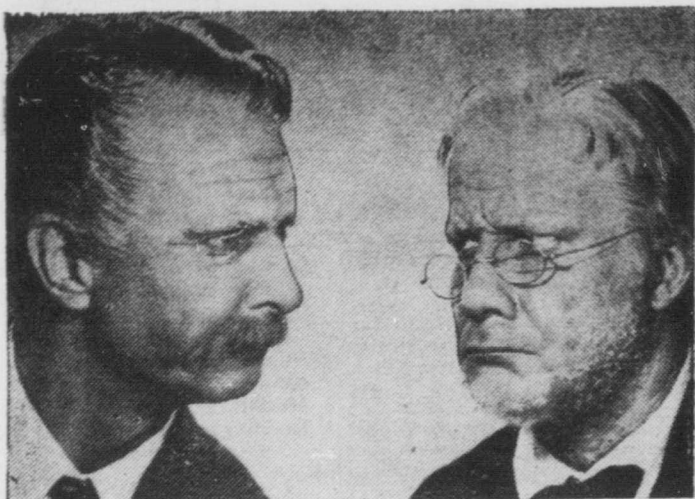

Mrs. Bessie Ostrow, his mother, passed away Nov. 1 in Hollywood. Funeral services were held last Friday at the Mount of Peace cemetery.

Second Hand Store Permit Turned Down

The zoning board of the planning commission, meeting Tuesday voted to deny the application of Milton Mack and Jack Varada for a change in zoning rules to permit the operation of a second-hand store at 380 North Palm Canyon drive.

Council took no action on the recommendation.

The digestion time of human beings is lengthened by high altitudes.

HYSTERICAL—Lum and Abner in RKO's "So This Is Washington," hysterical history at the nation's capital, which plays at the Palm Springs theater November 14 and 15.

Blaze in San Jacinto Mountain Area Brings Worry to Many Villagers, Owners Of Summer Cabins in Devastated Area

Seven fires which started shortly before daylight Sunday in May Valley in the San Jacinto mountains, swept over 8000 acres on the southwest slope of San Jacinto mountain before it was brought under control Wednesday. The flames caused much anxiety here as many Villagers own summer homes in the vicinity swept by the blaze.

The flames started shortly before 4 a. m. about two miles east of Tahquitz Lodge and, driven by a 75-mile-per-hour gale, spread with incredible speed up the south and west slope of San Jacinto mountain, forcing residents of Idyllwild, numbering 300, to flee for their lives. Fifteen state highway patrol cars were rushed to the resort to assist in the evacuation work and scores fled in their own cars. As the last residents left, fire fighters began beating the fire away from the resort.

MANY BUILDING LOST

Mountain Center, a community consisting of a service station, general store and 12 cabins, Keen Camp and Tahquitz lodge, in the path of the flames were burned to the ground. The Riverside county Boy Scout camp was saved by backfiring; and although the flames burned in Strawberry Valley below the Idyllwild road, Strawberry Valley, in which Idyllwild Inn and hundreds of cabins are located, was not touched by the fire.

Supervisor DeWitt Nelson of the San Bernardino National forest is in charge of fire fighting operations and ordered the evacuation of Idyllwild. Women and children in the resort areas were brought out of the mountains about 8 o'clock Sunday morning, via the Banning-Idyllwild road and the Hemet-San Jacinto road. The roads were closed to up-traffic for several hours. State and federal forestry officials sent all available men to the fireline. They were joined by several hundred soldiers from Camp Haan and inmates of the Riverside county prison camp.

BRINGS FLOOD THREAT

The loss of brush in the watershed is expected to bring about a dangerous flood situation along the San Jacinto river in event of heavy rains this winter. The entire mountain and foothills, from Idyllwild to near the bottom of the grade along both sides of Highway 74 were burned.

Officials of the FBI have launched an investigation into the question of whether or not the fire was due to sabotage at a time when the forest area is driest and the humidity lowest.

Judge Francis Krull Returns to Village

Judge Francis Krull, well known winter resident of Palm Springs and Cathedral City, who returned to the Village last week for a few days of sunshine, is leaving Monday for San Francisco but will be back Christmas week to spend the remainder of the season here. He spent most of the summer in San Francisco.

"I've been in a lot of places in the world but, all over the globe, there's no place like Palm Springs," he said.

Mrs. Barney Hinkle Returns to Village

Mrs. Barney Hinkle, wife of Lt. Hinkle, former manager of Desmond's Palm Springs, and the two Hinkle children moved back to Palm Springs last Tuesday for the season here.

Lt. Hinkle, stationed with the army air force at Blythe, was a weekend visitor here last week.

Alibis after an accident never erase the sorrow which the accident brings. Stop accidents before they stop you, advises the State Department of Motor Vehicles.

Magician Grable Mystifies Local Rotarians, Guests

Lee Grable, Torney General hospital's clever worker of magic, provided entertainment for Palm Springs Rotary club at its weekly meeting Wednesday noon at the Desert Inn, mystifying them with his tricks and sleight of hand.

Dr. Henry S. Reid presided in the absence of President H. E. (Pat) Patterson and Arthur E. Bailey presented the speakers.

There were 12 visiting Rotarians at the session and three of them gave interesting talks to the club.

Red Cross Wants Christmas Gifts For Sick Soldiers

Thousands of "under-a-dollar" Christmas gifts will be needed for hospitalized servicemen, Mrs. Howard Younglove, chairman of camp and hospital service for the Riverside county chapter of the American Red Cross told a meeting of that organization at Riverside Monday. Enough gifts will have to be collected to provide one for every military hospital patient in the country, she said, many of whom are war-zone convalescents.

Holiday decorations are also needed for trees in wards and hospital recreation rooms. Mrs. Younglove suggested that branch officers enlist schools, churches and clubs in the campaign to "adopt a hospital ward by supplying 35 Christmas gifts."

In Palm Springs, plans are already underway by the Camp and Hospital committee of the local Red Cross branch, Kenneth DuBose and Gordon Feelings, co-chairmen, to take care of every patient at Torney General Hospital.

Four Damage Suits Now Echo Accident

Four damage suits are now on file in Superior Court at Riverside against the Phoenix Wood and Coal company as the result of a station wagon-tanker collision near Garnet last April. Three soldiers in the station wagon, who were brought to the hospital here after the accident, filed suits totaling \$300,000 earlier. Yesterday Samuel Chester, driver of the station wagon, sued for \$26,000.

Author in Village To Autograph Book

Don Blanding, known as the Vagabond Poet of the Island, was in Palm Springs this week-end. Author of "Pilots Bail Out", he will autograph copies of his book at the Palm Springs Book Shop tomorrow from 2 to 5 p. m., Virginia Colville, operator of the shop, said today.

Sun and Sand Caravan, Miss Iola Sommerville, Director Colored USO Club in Indio, C. A. Cusick, Blythe USO Club, Miss Sollenberger, Associate Director Palm Springs, Mr. Hall, Mr. McKibben, Mr. Forbes, and Capt. H. C. Bursley, Special Service Officer for the Coachella, Indio and Palm Springs area, who was invited to the meeting as a special guest.

AT WAAC TRAINING CENTER

This member of the Women's Army Auxiliary Corps is learning the fundamentals of automotive mechanics, repair, and operation at the Motor Transport School of a WAAC Training Center. When she has learned her lessons well, she will be assigned to duty with the Army and will relieve a soldier for combat service.

MORE ABOUT... War Chest...

in a strong plea for support of the war chest, Dr. Anderson combined Armistice Day and the War Chest drive in an inspiring talk setting the house to house campaign under way. Arthur E. Bailey of the War Chest committee also appealed for whole-hearted support of the campaign.

WORKERS INTRODUCED

Mr. Lippman called on several of the leaders in the drive to stand up and take a bow. Among them were Tom Holland, chairman, Mayor F. V. Shannon, Harold Hicks, Dr. J. R. Macartney, Fred Ingram, Frank Cutler and others.

The residential district campaign committee under Chairman Charles Mathews was in action today. But Mr. Mathews still has need for more volunteers to augment his teams making the canvass. Any who wish to aid are urged to call the Chest headquarters at 5033 and offer their services.

MUST WORK HARD

The drive, said Mr. Holland, is progressing satisfactorily but every effort must be made, he said, to maintain the present pace or even increase it, if the goal of \$25,000 is to be met.

The Advance Gift committee has completed its work but some checks are still coming in to this committee. The Hotels and Apartments committee and the business district committees are also hard at it today.

ALL MUST HELP

If they do their share, said Mr. Holland, the drive will succeed and Palm Springs will maintain its reputation of never having failed, but he warned that all must do their share.

It is the hope of the committee to wind up the drive within a week and efforts will be redoubled today and early next week.

No 2-Faced Sign For USO, Decision Of City Councilmen

Councilman Eugene E. Theriau, chairman of the public safety committee, reported to council Wednesday night that his committee considered the installation of a large USO neon sign over the sidewalk before the Pacific Building hazardous and recommended that it be installed against the side of the El Paseo building instead.

The USO had requested a two-faced sign, visible both north and south, directing soldiers to the Hospitality House at 346 Tamarisk road. Council at previous discussions, held that a one-sided sign, facing south from which direction most of the traffic to the USO originates, was sufficient.

New Lease Will Be Prepared By City

Mrs. Louise E. McCarn was authorized by city council Wednesday night to submit a new lease to Mr. and Mrs. Louie Gaudiello, owners of the property in which the judicial chambers and the city council room are located.

An offer of a three year lease at \$1300 per year was made the council Wednesday night by owners of the property.

Alan Fender Takes Vacation in Hospital

Alan Fender, manager of Barney's cafe, 394 North Palm Canyon drive, is taking a brief vacation in Los Angeles.

But it is not all for pleasure. While there he will have his tonsils removed. He is expected back early next week.
